# NIPC questions tertiary filters

On Wednesday, April 4th, the Village Engineer Frank Angelotti received an important call from the Northern Illinois Planning Commission (NIPC) requesting that Antioch be represented at their noon meeting that day. Mayor Ray Toft was out of town for the day, therefore, Village Trustee Vern Barnstable, Supt. of Public Works, Tod Maplethorpe, and Village Engineer Frank Angelotti attended the meeting.

At the meeting the NIPC Board requested that the tertiary filters be eliminated from the sewer expansion plans. The Board explained their reason for such a request was that they wanted to cut down on the cost of the expansion. They feel that since Antioch will soon be forced to join the Lake County Sewer System they will soon be phasing out the present plant and this additional money on the tertiary filters would be poorly spent.

After some discussion the Board voted to support the plant whether it includes or excludes the filters. They indicated that the final decision would be up to the United States Environmental Protection Agency (EPA), and the Board would support that decision.

This action was taken due to the fact that it is doubtful that the EPA will accept the plant

without the tertiary filters. The filters were included in the plans to meet the criteria that was set up by the State of Illinois.

These tertiary filters, according to Tod Maplethorpe, are the final filters used in the treatment of raw sewage. They are basically sand filters that are housed in large tanks and are approximately 20' x 40'. Eight to twelve inches of various grades of sand is found at the bottom of the tanks. The water flows through the tanks and out of the bottom, thus removing most remaining suspended, biological material. Large materials will clog the filters and will automatically be backlashed and refiltered.

Our present system does not include such filters. However, Mr. Maplethorpe does not feel that the newly expanded system can work as effectively without these filters. He said,

"No way can it be as effective. The lagoons just are not designed for it. I don't think that the State will give us their approval without these filters, since we are connected to the Sequoit Creek and the Chain. However, the State has fooled us before."

Village Engineer Frank Angelotti will soon be receiving NIPC's final recommendations and these recommendations will be sent on to the EPA. The final decision will then be made.

Supt. of Public Works, Tod Maplethorpe, Village Board Member, Bernie Barnstable, Mayor Ray Toft, and Building Inspector, Walt Delaney, look over the "questioned" Sewer Expansion Plans. (Staff Photo)

## Township results

Last Tuesday, April 3rd, some 1,979 residents went to the polls to elect a new Township Clerk, Assessor and four Auditors.

Llewellyn Van Patten, who was the Citizen's Party candidate for Township Clerk, and was unchallenged in the race, received 1,473 votes.

Bud Holtz, who was the independent candidate for Township Assessor, narrowly defeated the Citizen's Party Candidate, Clarence B. Olson, by 104 votes as the ballots tallied 917 to 813.

The Citizen's Party candi-

dates for Auditors made a clean sweep defeating the independents. Homer LaPlant, Harold W. Wilson, Rudy Eckert, and Irving W. Carey defeated George Olisar, Peter J. Cleven, Frank J. Benes and Herbert Horton.

Township Clerk, Llewellyn Van Patten, said that the voter turnout was about normal and that at the elections four years ago about 1,779 votes were cast. However, 3,000 votes were cast in the election of Township Supervisor, only two years ago.

## RESCUE SQUAD GAINS PARAMEDICS

Twelve members of the Antioch Rescue Squad have passed the Advanced Emergency Medical Technology + Ambulance test, which certifies the men as paramedics. Twelve men took the test and they all passed it. They are: Charles Larson, David Heath, Gordon Volling, Lewis Simon, Mike Haley, Dan Dugenske, Robert Wilton, Rodney White, Jim Fields, William Wilton, Thomas Haley and Roy Witek.

Dr. Freeland, who has been working with the group for the past year, as they prepared for the test, received a letter from the State of Illinois' Department

of Public Health.

The letter stated that, "All those tested did an excellent job on the test, especially with the identification of arrhythmias. Both yourself and your men are to be commended on their training."

The members of the Rescue Squad wish to express their thanks to all those who have helped them to receive the needed training, especially members of the Orchard Medical Center and the Antioch Clinic.

The State has now issued certificates for these twelve

The students of the Antioch Upper Grade School will be asking help from residents of the Antioch area in a combination tree planting and fund raising project during the next few weeks.

The students will hold a door to door sale of Colorado Blue Spruce seedlings, at \$1.00 for a packaged, guaranteed baby tree. The trees will also be on sale at the First National Bank. The project will be called "OPERATION SPRUCE UP."

Basically this is a fund raising project for the Upper Grade School Environmental Center. With 52 acres we think the job can be done. Sequoit Creek runs through the property. There is also a natural marsh. Ground was disturbed during the construction of the building leaving a void of vegetation in that area. We have plans to reconstruct this area, said Mrs. Mary Kern, of the school science department. We also want to rehabilitate the creek area, as well and we need the help of individuals and organization to start our project. We don't feel we are asking for a hand out, because the trees we are selling can add natural beauty to your lawn or garden and has a real ecological value to our community.

In addition, these trees contribute to the quality of the air around us by absorbing carbon dioxide and giving off fresh oxygen, in exchange. They also provide shelter and a food source for small birds and animals.

Mr. Woods, President of the First National Bank said, "The seedlings offered by the students of the Antioch Upper Grade School were purchased and donated to the school by the First National Bank of Antioch. The trees are fully guaranteed by the nurserymen supplying them, and government inspected."

The money earned by the sale of the trees will go into a fund where by the Antioch Upper Grade School Science Department will be able to purchase the trees and plants needed to build the environmental center.

Anyone wishing to make a donation to the fund or buy a tree may do so by contacting the First National Bank or the Antioch Upper Grade School "Operation Spruce Up."

All of the students will take part in this rehabilitation program and they will be receiving some expert help from faculty members as well as James McMillen, Dick Waters of Channel Lake and

men under the extensive mobile coronary care. This new certification went into effect at 12:00 a.m. on Monday, the 9th.

Last weekend the Rescue Squad and their wives spent the weekend at Nordick Hills. The money for the trip had been donated by local businessmen, who wished to express their appreciation for the work the Squad has done over the years.

## OPERATION SPRUCE—UP

Mr. Walter Daniels, of the First National Bank, Mr. Herbst, Principal of the Upper Grade School, Science Teacher, Mary Kern, and Mr. LaVerne Woods, who is the President of the First National Bank, look over plans for beautifying the grounds at the Antioch Upper Grade School. (Staff Photo)

Mrs. Mary Kern's eighth grade science class made bird houses out of scrap wood to add to the surroundings of their school. Sixth grade students (l to r) Brent Eastman, Claudette Sands, Michael Ruggles and Greg McKenna examine the bird houses. (Staff Photo)

Mildred LaPlant, who is already growing wild flowers. Mrs. Kern's science classes have already begun to grow plants and some students have even constructed bird houses.

These houses are designed for medium sized birds and some are designed for wrens. They were built from abandoned scrap wood at a construction site.

## EDITORIAL

### A SLAP ON THE HANDS TO FEARS AND MOORE

When any elected public official commits an act that exhibits a total lack of good judgement and shows very poor taste, he should expect and receive public criticism.

Such is the case with Mr. Glen Moore and Mr. Larry Fears who are presently members of our high school Board of Education.

Just recently these two board members either wrote or condoned the writing of a flyer that has been handed out in the Antioch-Lake Villa area. This flyer concerns the candidacy of Mrs. Evelyn Bolt and Mr. Frank Toal for the high school Board of Education. The handing out of political flyers in itself is not out of line, but the manner in which this flyer was written and the message it brings to the general public is at best contemptible and misleading.

The second half of the message on the flyer is just a statement concerning the background of the two candidates. The first half of the flyer goes to great lengths to lead one to believe that if it were not for Mr. Moore and Mr. Fears, the present high school board would not have been able to operate at all this past year. These two men have taken credit for EVERY major action the board has taken during this past year - and imply to the public that they are the "Guiding light" to the high school Board of Education. They give NO credit to the other five Board members, all of whom have had much more experience as board members than either Moore or Fears.

Considering the quality and the tenure of the other five board members, Mr. William Brook, Dr. Albert Bucar, Mrs. Betty Meyers, Mr. William Petty, and Mr. Robert Lindblad, it is indeed presumptuous of Moore and Fears to consider their efforts on behalf of the board anything more than their fair share.

The fact that these two board members went out and "hand picked" two persons to run for the high school Board of Education, Mrs. Bolt of Lake Villa and Mr. Toal of Lindenhurst, and in turn publicly endorse them and claim them to be the "best candidates", is without a doubt a most irresponsible action. This action is even more irresponsible when you consider that Moore and Fears do not even know, to any degree, the other two candidates, Mr. Frank Johnson and Mr. Charles Forster from Antioch.

The action of these two Board members can only lead one to believe that for some reason they wish

Letters to the Editor on any current issues are welcome. Only letters with names can be considered for this column. Signatures will be withheld on request. Letters cannot be returned and are subject to minor editing.

Dear Mr. Rush,

As a neighbor and property owner living adjacent to "Dr." Thomas Smith and his various Societies, I am compelled to point out that all activities are not as noble as might be assumed from your news coverage.

It would almost seem as if being a "Social Benefactor" and a Washington D.C. witness were credentials permitting free activity and statutory immunity. If this were true, you could well write a glowing article about Sam DeStefano, among others, who richly supported the Boys Club and the Church and testified regularly in Washington preceeding indictments for "umpteens" criminal actions.

Dr. Smith's group is not without fault and is currently attempting to avoid, circumvent or undermine both local sentiment and the local zoning codes. Regardless of the rationale or social cause, the precedent can only be detrimental to the entire township and continued press coverage can only be considered as sympathy for these operations while legal proceedings are pending in regard to their overt zoning violations.

I would urge you to contact

the Lake County Building and Zoning Department as well as the State's Attorneys office for more information regarding this issue before determining your Editorial Policy.

Sincerely,

Dr. John T. Newell II  
(Representative-Linden Lane Improvement Assoc.)

EDITORS NOTE:

Please note, Dr. Newell, the only place we generally take an editorial stand is on the editorial page - Page 3 - You read the article on Mr. Smith on Page 2, which was an article of newsworthy interest.

\*\*\*

Hello:

Yes, I remember when Chase Webb owned the store on the East side of Main Street, which is now next to Walgreens. "South of Walgreens" we bought our groceries from Chase. "Susan", Chase's wife and I played Bridge on Thursday afternoons.

The young men look familiar, but, I don't remember their names. If possible, I would like to know who sent the picture in. Must be an old timer, as we moved to Antioch in 1917. My husband, Henry, worked for Bill Rosing at that time.

Hope I am right. I know I am. Regards to everybody in Antioch.

Elsie Pape

to control the high school Board of Education, by picking their own board members. This action can, and will, lead to only one end - and that is a divided Board, where little or nothing can be achieved for education.

The Antioch News feels Mr. Moore and Mr. Fears have acted in an irresponsible manner and have shown the poorest of judgement in their actions. They were elected to represent the people of the whole high school district, and not just to exploit their own ideas. This they are not doing. We feel these two men owe a sincere apology to their fellow Board members and to the public they represent. From this point on they should make every effort to help re-unite the Board in the common purpose for which they were elected - the furthering of the education of our young people.

### SIGN UP FOR A BABY SEAL

Much has been said in the past about the cruel massacre of animals. On the top of the list of slaughtered animals are the harp seals that are found in the Canadian waters along the Gulf of St. Lawrence and in the Norwegian Waters.

In 1972 a group from the International Fund for Animal Welfare presented a petition to the Canadian government with 1,500,000 signatures, protesting the killings. A few days later the hunt was banned.

The killings are still going on however. Right now while you are reading this, a Norwegian dominated sealing industry is brutally butchering 120,000 harp seals, mostly babies.

This same group is now making plans to expose these brutal murderers and are in the process of collecting petitions to present to the Norwegian Government. If you wish to help them, start a petition today or write a letter and send it to The International Fund for Animal Welfare, 1740 Blvd., St. Croix, St. Laurent, Montreal 381, P.Q., Canada.

### CONGRESSMAN McCLORY POLLS

#### CONSTITUENTS

Congressman Robert McClory announced today that his 1973 questionnaire on national issues is being mailed this week to all postal patrons in the 13th Congressional District.

The poll, containing 12 questions on issues of major national concern, includes space for both husbands and wives to indicate separate views.

In discussing the latest biennial Congressional Questionnaire, McClory strongly urged all residents of the 13th District to complete and return the questionnaire as quickly as possible.

"As your representative in the Congress," McClory noted, "I bear full responsibility for the votes I cast. However, it is extremely helpful to have as wide a cross-section of constituent thinking on these issues as possible in order to enable me to better understand the current thinking of the residents of the 13th Congressional District."

McClory indicated that the results would be tabulated and made available sometime in May, and will be publicized as widely as possible.

The 1973 poll is the sixth questionnaire sent out by the 13th District Congressman, who was first elected to the Congress in 1962.

McClory also noted that anyone not receiving a questionnaire in the mail may secure one by writing to him at Room 2452 Rayburn House Office Building, Washington, D.C. 20515.

The 12 questions posed in the 1973 poll are as follows:

1. Should the President have the authority to establish a ceiling on Federal spending in the event Congress does not exercise that authority?

2. Do you favor amnesty for individuals who evaded military service in violation of the draft law?

3. Should our government participate in an economic assistance program which would include North Viet Nam after all POW'S and MIA'S are returned or accounted for?

4. Should Congress enact a mandatory death penalty for certain crimes such as murder of a Federal official, skyjacking, and kidnapping for ransom?

5. Should a Constitutional Amendment be adopted to prohibit the assignment (busing) of public school children on the basis of race?

6. Should money from the Highway Trust Fund be used to improve urban public transportation systems?

7. Would you favor stronger laws to deal with strikes that threaten our national transport-

## "THE AIR HAS EARS"

as told to Kathy Kauss by Don Walsh

Our lives, no matter how long they may be, are short. And no matter how much time you are given to live your life in, there will always probably be something more you would like to do. One way to make your life fuller is to share the experiences of others. Most of us will never get an opportunity to travel through Russia, and therefore we will only be aware of it through the information that is filtered through the various news media.

This March however, Don and Diane Walsh had the rare opportunity to travel through Russia, as well as Finland and Sweden, and wish to share some of their experiences.

The trip was made possible through the Koho Hockey Equipment Company, which originates in Finland. Ten American dealers and ten Canadian dealers and their wives were selected to make the trip, which extended from March 8 to March 19, 1973.

The group began their tour as they arrived in Helsinki, Finland, which the Walshes found to be a very modern city. They were to meet the Russian and Finland National Hockey teams. This was the same Russian Hockey team that played the Canada team last summer.

The Finnish people eat very little meat and it is unlikely that they would have joined in the U.S. meat boycott last week. Beef is very rare there and the people eat mostly Reindeer meat and veal.

From Finland the group traveled to Sweden for two days and then returned to Finland. The Koho people had arranged for a special visa for the group to travel to Russia. Generally, tourists who visit Russia are flown in to either Moscow or Leningrad, and are not allowed to travel through the country itself. However, the Koho Company had arranged for the group to travel by bus across the Finnish border to Russia.

It is winter right now in Russia. The temperatures were in the thirties, and Russia has experienced a mild winter this year.

Vyberg was the first Russian city that the Walsh's were to see and they probably will be able to see a clear picture of it in their minds for years to come. The City had belonged originally to Finland and was captured during World War II. The Finnish occupants were evacuated immediately at that time. Those who did not leave, found their new home to be Siberia.

Vyberg has not changed since the War. The buildings that were bombed are still in shambles. About 10-12,000 people live in this broken city that has been literally untouched by progress since the middle 1940's.

The group stopped at the train station in Vyberg to use the rest rooms and the septic system was to make several of the travelers literally sick. The plumbing left something to be desired, toilets did not flush and there were no seats.

Leningrad was the final destination and there was a marked improvement in this city over Vyberg. Leningrad is a city that has known many revolutions and had once been

known as Stalingrad and as St. Petersburg.

When the group arrived in the city they were to see a group of 55 to 60 year old women busy digging the foundation for a new building. They were also breaking ice with iron picks, and sweeping the streets.

The Walshes stayed in the Hotel Austoria in Leningrad. The Hotel had been built in the early 1900's and the four room suite that the Walshes stayed in, like the rest of the suites, was furnished with Russian Antiques. In one of the suites was a vase that was dated 1814-Paris, which as any history book will tell you, is the year that Napoleon was working hard.

The Russians are not worried about these rare pieces, like the Holiday Inn worries about their towels. Everyone is very thoroughly searched, and people have been known to do three years in Siberia for taking as much as an ashtray.

There is a minimum of travel in Russia. Cars are scarce in Leningrad. People either walk or they take a heavily crowded trolley car that is similar to ones that can be seen on the streets of San Francisco. There are 4 million people who call Leningrad their home, and there are four gasoline stations in the city, which can give you a good idea how many cars they have.

One of the members of Walsh's group had a friend there who had a technical job with the government. This friend has been on the list to buy a car for the last ten years. You are required to be on the list for 11 years, and now that this man is almost eligible for his car, he has been informed that there are no cars available.

Travel is restricted in other ways too. For example, if you wanted to travel from Antioch to Waukegan, you would need a special government visa. You would then be required to check in at several points along the way to be searched, etc.

The Russians are not allowed to move without government approval. It is also interesting to note that no matter where you live, or what size or condition your apartment is in, everyone pays the same rent. You are eligible for a better apartment depending upon your job status. No one owns their own land or apartment as the Government owns everything. Therefore, the property isn't well cared for. Single family homes as we know them are practically non-existent.

The government owns all of the shops as well, and the store workers don't care whether they wait on you or not.

The people were dressed in heavy woolen clothes, which is to be expected considering the weather. There isn't much variety in their clothes. The men were dressed in suits that were a bit old fashioned compared to our standards. When you need new clothes, you can generally obtain them from the government, but it is not guaranteed that you will get the size you need.

The Russian people are now free to leave the country if they want to. But of course certain requirements must be met before. If you want to leave you must pay the government \$18,000 per person. If a husband and wife wanted to leave it would cost them \$36,000, which is almost impossible to save.

When the couple left they would be permitted to take nothing but the clothes on their backs.

A request to the government to leave is necessary when your \$18,000 has been saved. You are then placed on a waiting list for 4-5 years. During that time you are completely cut off from the government, which means that you are not permitted to work.

On occasion, a Russian may be permitted to take a short trip abroad. Only one member of your family is permitted to go at a time. If you do not return, it is likely that your family will take a permanent trip to Siberia.

The Russians eat a lot of fish, cheese and some chicken. There is very little meat, and it is nothing for the Russians to stand all day in line on Saturday waiting for milk. There are about 4 supermarkets in Leningrad.

There are two kinds of pop in Russia, orange and lemon, and they are extremely watered down as is the beer. One night the Walshes went to the Russian Circus, and as they passed a pop machine they observed a glass sitting on top. When you put in your money, you would then take down the glass, use it, and put it back for the next customer.

Little Russian boys are always happy to see Americans in their country. They will approach you and try to exchange one of their little Russian pins for a stick of chewing gum. They then take the gum and sell it on the black market for 3 rubles. The Russian Rubles are equivalent to \$1.34 of American money. These boys play a very dangerous game however, as anyone who is caught selling on the black market, is automatically sentenced to Siberia, which is a sure slow death.

The money situation in Russia is a curious one. When the group entered Russia they were asked to change as much of their American money as they thought they would need into Russian Rubles. Then when they went to spend their rubles, they (the Russians) would not accept them. They wanted American Money. If the Walshes bought an item in a store for \$2.25, they were not able to make change, so thus were forced to pay \$3. There is no tax in Russia and their money value is equivalent to ours.

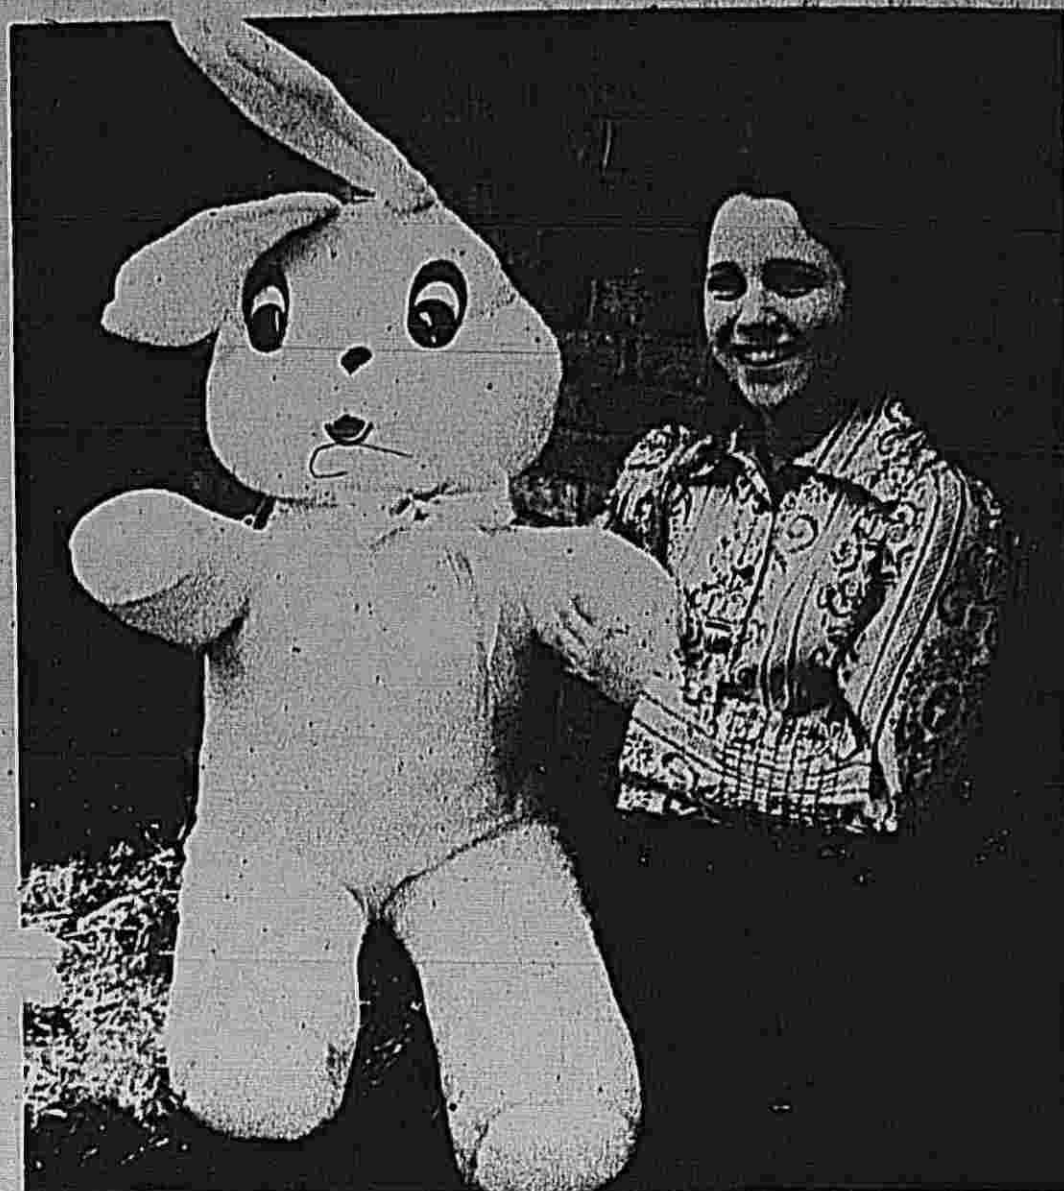

When the group left Russia, they were unable to exchange their untouched Russian rubles back into American money. Rather they were given Finish marks or some other foreign currency.

Very few of the Russians speak English and those who do belong to the 20 percent who are strong members of the Communist party. The Walshes spoke with one exception, however, to one who said little except... "The air has ears."

Looking back on his trip Mr. Walsh said,

"People ask why we have to pay taxes and they complain about just everything. But when you stop to think about it we really get a hell of a lot for what we pay for. The very fact that freedom has no price proves this. Freedom is irreplaceable, no matter what anyone could ever offer you, it would be worth nothing unless you had your freedom."

Mr. Walsh also commented, "Russia was horrible and I

Miss Robin Hunley "Miss Teen-Age Illinois" contestant sponsored by the First National Bank of Antioch poses with Giant Easter Bunny to be given away along with cash prizes in Easter drawing for children at the First National Bank. # MEET YOUR CANDIDATES

THE ANTIOCH NEWS WEDNESDAY APRIL 11, 1973 Page 5

## High School Board

This is truly a month of voting. Three days before the Village elections, on April 14th, area residents will go to the polls to elect two new members to the Antioch High School Board. There are four eligible candidates who are in the running to fill these two spots. They are Mr. Frank Toal Sr., Mr. Charles Forster, Mr. Frank Johnson and Mrs. Evelyn Bolt. The following is a short synopsis of each candidate as presented to us by the candidates themselves:

### Charles Forster

"Community service and involvement should be of interest to all and when asked to run I could not say no", said Mr. Charles Forster when asked why he was interested in running for membership on the High School Board.

Forster is very familiar with the area as he has lived here since 1949. He has been the Grass Lake Lumber Yard owner and manager since 1963, and previously was a self-employed contractor. He is active in and on church and school committees.

When asked what he felt was the most critical problem facing the high school, Forster responded.

"If there are any critical problems facing the Antioch High School we, the public, are not aware of it. Until a person is directly involved, problems have a way of being remote. Adequate financing no doubt will continue to be a problem. Unit school systems might be the answer."

Forster has some definite feelings towards future housing developments.

He said, "They have my qualified support. Control of future growth not opposition is the answer. We cannot stop growth or progress."

Forster has lived in the Emmons School District since 1950 and has a son, who will be a freshman at the high school next September.

### Evelyn Bolt

Mrs. Evelyn Bolt, 17 year resident of Lake Villa, is the only woman running for a position on the High School Board. She has many reasons for seeking such a position. To begin with she feels the Board should have at least one more woman on it. Her contention is that a woman's point of view is very important when dealing with young people in education. She also hopes to provide better representation for Lake Villa, whose students comprise about 40 percent of the student body.

Mrs. Bolt feels she is qualified for the position for several reasons. First of all she has been interested in the school for years and has attended most school board meetings. She has been involved directly with the school working as a volunteer teacher's aide for the last three years. She has been a Sunday School teacher and holds a B.A. in English Literature.

Mrs. Bolt feels that another plus in her favor is that she is not employed. Because she is not tied down she will be able to be in the school while it is in session, maintaining valuable contact with teachers and students alike.

The impending Housing De-

velopments and the number of additional students they will bring to the school is the most important problem facing the school in Mrs. Bolt's opinion. What these developments are going to do to the school and a community health care are really the most important factors.

Mrs. Bolt has three children, the oldest is presently enrolled in the High School.

Mrs. Bolt said, "In the beginning you think you are working for your own kids, but once you get involved you find that you are doing it to help all of the kids."

### Frank C. Johnson

Mr. Frank Johnson's main interest in running for Board member lies mainly in helping people. He also has two sons who someday will be students of the school and he would like to see them get the same fine education the students today are receiving.

Employed with the Commonwealth Edison Company for the last 17 years, Johnson has also

served on the Fire Department for the past 12 years. He also has been busy continuing his own education and has been attending night school at the University of Illinois and the Lake County College for the past 12 years.

When asked what the most critical problem facing the schools is Mr. Johnson responded,

"Like any school in the County, it is the lack of funds to initiate its programs."

Johnson does not necessarily oppose any future large scale developments, he said. "However, I believe in a carefully planned development, a development that has the approval of all the people."

Johnson and his family have lived in the Antioch Lake area for the past 17 years. They are in the Emmons School District.

### Frank J. Toal, Sr.

Mr. Frank Toal wishes to continue the good management of the school and to assist in any way in improving the operation of the school. He also wishes to assure the maximum use of tax revenues and to provide the best educational program possible that is consistent with cost.

Toal said, "During 35 years in motor transportation, I have acquired experience in the following fields and am responsible for: Planning for Growth and Profit, Personnel and Industrial Relations, Maintenance of Vehicles, Safety-Vehicular-Personnel, Maintenance of buildings - Security Including long range expansion of physical plants, Purchase, sales, and lease of real estate, Salary Review Labor relations, Grievances, Recruit, Train and Develop personnel.

Reducing the debt and maintaining full programs are the two main critical problems according to Toal.

When asked if he supported or opposed any future large scale developments, Toal said,

"In view of current revenues available, I oppose any extra ordinary load placed on the school."

Mr. Toal is employed for Consolidated Freightways and has lived in Lindenhurst for the past two years. He has two children presently enrolled in the High School, a son who graduated last year, and another son who is in the grade school system.

## Grade School Board

April 14th is not restricted to voting for High School Board members, rather it is also the day to elect two new members to the Grade School Board.

Voting will take place at the Antioch, Oakland, and Channel Lake Grade Schools from 12:00 noon until 7:00 p.m. There are two candidates running for the two open seats. They are Gerald Vander Meer and Robert Kelley.

The following is a short synopsis of each candidate as presented to us by the candidates themselves:

### Gerald VanderMeer

Gerald VanderMeer has been on the Grade School board for the past three years and has served as President of the Board for the last year.

When asked why he was interested in running for the Board again, he said:

"I know all the problems. I feel that it is just as Bill Brook commented last week when he said that you have to be on the Board for at least a year or two before you really learn what is

## PROGRESSIVE PEOPLES' PARTY

Members of the Progressive Peoples Party, (l to r) Joe Rush, candidate for trustee, Mayor Ray Toft, Trustee, Vern "Barney" Barnstable, Village Clerk Marilyn Sterbenz, and candidate for Trustee, Bill Carney. (Staff Photo)

### CITIZENS:

The Members of the PROGRESSIVE PEOPLES' PARTY feel that campaign funds should be spent with as much frugality as a taxpayer should expect Village Funds to be spent. We have confidence in our qualifications to serve you and the entire Village wisely. Owing favors to no one.

Thus our Statement of Campaign Expenditures for the Five Candidates:

POLITICAL ADVERTISEMENTS	\$120.00
PAMPHLETS	94.00
POSTERS & SIGNS	130.00
ENVELOPES & POSTAGE	109.80
<b>TOTAL</b>	<b>\$462.80</b>

Any Campaign Donations Received Will Be Donated To A Worthy Antioch Youth Organization Following The Election.

**VOTE**

**PROGRESSIVE PEOPLE'S  
PARTY**

**APRIL 17**

**REMEMBER WHEN?** We don't, but we know that all it takes sometimes is a little reminder to jerk a memory and bring back recollections of those days gone by. Each week we print an old photo submitted by an Antioch resident. Some we will be able to identify. For others, we leave it to you to search your own mental scrapbook. Call us if you can identify a photo. Better yet, if you have a memorable photo to share, bring it in to the office. This snow picture was taken on April 16, 1921.

## Meet Your Candidates Continued

### GRADE SCHOOL BOARD

Gerald VanderMeer

going on. It is only at that time that you become a valuable member." VanderMeer also said he felt that a member should stay on the Board for at least 6 or 9 years, but that is the maximum.

In regard to the most critical problems facing the Grade Schools VanderMeer said,

"The number one problem has got to be education. To see that each child receives the maximum amount of education possible. The second most critical problem is our severe financial plight. The financial outlook of the Grade School is very grave. We also need additional facilities. Right now we are in the first stages of expansion to accommodate the ever growing enrollment.

In regard to housing developments VanderMeer commented, "We have done a lot of work with the PUD's. We have to realize that there is no way in the world to stop them and that the area is going to grow. The important thing for us to do is to work with these developers to secure the maximum amount of money that we can to help the schools over the year in which

the tax lags."

VanderMeer has worked for the Lake County Farm Bureau for the past 17 years and has lived in the Oakland School District for the past 10 years. Next year he will have three children in the grade school system.

### Robert Kelley

Robert Kelley's interest in running for the Grade School Board lies mainly in the fact that he has two children presently in the system and another one on the way. He has been attending the Grade School meetings for the last four years and is familiar with the area, having lived here since 1961.

Kelley cites financing as the most serious problem facing the Grade School system. In regards to future large scale housing developments Mr. Kelley said:

"You can't really opposethem, you just can't fight growth. The important thing to do is to realize that change is coming and to do something about it. We must have some control

over these developments. I would like to see more agreements with the developers as were worked out with the Arbor Ltd. Developers."

Kelley is self-employed and owns a machine shop in Chicago.

## The Time Machine

70 YEARS AGO, APRIL 9, 1903

The township elections were tame with no opposition to the ticket. 99 votes were cast, 66 being for bonding the loan \$4,000 to build a bridge across Fox River and 27 against the bond issue.

Postmaster D.A. Williams has been confined to his bed this past week threatened with pneumonia.

50 YEARS AGO, APRIL 12, 1923

The cast for "In the Garden of Shah" opera will be put on by A.C.H.S. in May. Vida Palmer plays the leading role and Mable Van Deusen plays a unique comedy part, frantically pursuing Mr. L.R. Watson, the "Shiek" from Alabam.

The front of the fire station has received a new coat of paint which greatly improves its appearance.

20 YEARS AGO, APRIL 9, 1953

43 Seniors for A.C.H.S. are planning to take a cruise from Chicago to Mackinac Island and return aboard the S.S. North America, May 16-18.

Mr. and Mrs. Roman B. Vos announce the engagement of their daughter, Mary Christine, to Mr. George Kropp, of Barrington.

10 YEARS AGO, APRIL 11, 1963

Winners of the Science Fair at the Antioch Township High School took their projects to the District show at Lake Forest. Winners of the 1st place awards were Robert Beese and Leonard Roblin; Glen Oftedahl, John Brody and Wilnette Monnier, and Terry Witkowski.

"Song of Norway" the Broadway Musical was named the Spring play at A.C.H.S.

## TIM TIERNEY APPOINTED OFFICE MANAGER

Michael Warren & Company, 392 Lake Street, Antioch announces the appointment of Tim Tierney as Office Manager. Tim is an original member of the staff of Michael Warren & Company. He has obtained his Broker's license within the last month and plans to pursue a professional career in the field of Real Estate Sales and Investments.

Tim, his wife Peg, and two sons, Timmy and Jonny live on Winsor Terrace in Antioch. They have been in the area for six years. Tim is an active member in the Antioch Jaycees and has been involved in many community activities.

## CELEBRATE "LAW DAY" MAY 1 WITH TEST OF YOUR LEGAL I.Q.

May 1 is "Law Day" in the U.S., the day set aside by joint resolution of Congress and Presidential proclamation as a "special day of celebration by the American people in appreciation of their liberties."

As the Illinois State Bar Association points out, Law Day is not a "lawyers' day," although in Illinois, as in other states, many lawyers and judges will be addressing school assemblies and other groups as part of commemorative exercises.

Also, as part of the observance, the ISBA has offered a set of questions about American government and law which will test a person's knowledge, not to say his appreciation, of the laws under which he lives.

The true-false questions posed by the bar group are as follow (answers are given below):

1. States have the right to pass laws on those matters not covered in the Constitution of the United States. True—False—
2. The laws of the states must be accepted as valid by the Federal court. True—False—
3. Evidence obtained by wire tapping may be admissible in a trial in a state court even though the wire tapping violated federal law. True—False—
4. Any person who has been

## Along the Way with *Annie Mae*

Hear lots of you optimistic people already put your snow tires away. April is a fooler - one thing tho - it doesn't last long.

Our sincere condolences to Dorothy Enzenbacher and children on the loss of their husband and father this week.

Frank and Elsie Toman and mother of Felters Subdivision recently returned from a trip thru the south. Their first stop was in Cairo, Ill. where they visited their new grandson born on February 15. Little Brian is the second child of Bob and Kathy Duckles. The Toman went on to Key West where Frank did some fishing and then up the west coast of Florida where they did some shelling and sunning.

Mr. and Mrs. Paul Chase have recently returned from Mesa, Arizona. While in Mesa they met Bob Gaston, Mr. and Mrs. John Hill of Grasslake and Mr. and Mrs. Tim Grinstead.

Just back from a visit with former Antiochite Crystal Shipman are Sandy Randa and Shirley Drucker. While down in Florida the girls also visited with Hank and Natalie Witkowski. The weather was beautiful and best of all Crystal had the cast taken off her foot the day before they left. She has been wearing the cast since her recent surgery. That's a relief isn't it Crystal, we know!

Seems like the ladies are

charged with a crime has the right to have his lawyer present at any police "lineup" held for the purpose of identifying the suspect. True—False—

5. Freedom of speech does not allow a person to urge the violent overthrow of the United States. True—False—

6. For self-protection, you may carry a gun without a permit. True—False—

7. To prevent public demonstrations which may become disruptive, a city or other local government has the right to deny all forms of assembly on the streets or public property. True—False—

8. A person has the right not to speak if his answers would make him appear to be guilty of a crime. True—False—

9. At a juvenile hearing, the juvenile does not necessarily have the right to a lawyer. True—False—

10. The American system of justice is patterned on the English system. True—False—

(Answers: 1-T. 2-F. 3-F. 4-T. 5-T. 6-F. 7-F. (but it may require a permit. 8-T. 9-F. 10-T.)

putting Antioch's name in lights. Ceanna Portalski, hair stylist at Clare's Beauty Shop in Antioch is \$1,000.00 richer after winning a contest sponsored by Fashion Tress Wigs, Inc.

Another happy winner is Angie Maras who entered the General Federation of Woman's Clubs and Spadea Designer Patterns Sewing Contest. She has won the local, district and state competition and now will represent the State of Illinois and the Antioch Woman's Club in the national contest. Judging will be held in New York City on May 10th. First prize is a trip to Rome for two. We're rooting for ya, Angie, you're 3/4 of the way to Rome. Don't forget the carrot cake!

Birthday wishes this week go to Ivy Wilton whose special day is April 11, Mary Hallet and Tom Poulos celebrate on April 12 and Friday the 13th is the "lucky" day for Mike Gross. Helen Zein and Mrs. Mame Hunt celebrate on April 14, and wow! What happened on the 15th - you could have a party with all the people who have birthdays on that date. Loving wishes go to Wally Anderson, to Jeannine Andrews, Bob Dunlap, Jr., Joanne Heick, and Patty Wilton. April 16th birthday wishes go to Mark Crawford, Wayne Sobezak and Diane Vos. Joe DeStefano, Patti Gross, Lou Crawford, Kathy Sobczak, Dave Gutowski and Mrs. Harriet Parson all celebrate on April 17 and we finish off with last but surely not least Ken Smouse who celebrates on April 18.

Anniversary wishes go to Don and Dianne Walsh who celebrate on April 11.

Don't forget the Feast N Fashion Style Show, Thursday night at the Antioch Methodist Church. See calendar for time.

Annie Mae

## "FLY INTO SPRING"

In Spring, a woman's fancy turns to thoughts of a new wardrobe and what better way to preview the new fashions than through a fashion show.

The Wesley Evening Circle of the United Methodist Church of Antioch is now in the final stages of preparing their Annual Feast and Fashion Dessert Buffet and Style Show. The event will take place on Thursday evening, April 12th, in Wesley Hall, at 7:30 p.m.

Tickets are \$1.75 and can be purchased from all circle members or by calling Alice Pashke at 395-4428.

## ST PETER'S BOARD ELECTIONS

On April 14th (after 5:30 p.m. Mass) and April 15th (after all the Masses) St. Peter parishioners and-or parents of St. Peter school children will vote for two candidates to fill two seats on St. Peter Board of Education. Terms will be for three years. Names will appear on the ballot in the order petitions were filed. The candidates are Richard J. Daniel and Stephen Rzyzko, Jr.

RICHARD J. DANIEL is Executive Vice President of the State Bank of Antioch, and has been in the banking field for over 26 years. He is Vice President of the Lake County Bankers Federation and was past president of the Northeastern Chapter of Bank Administration Institute and the Northeastern Illinois Conference of NABAC (National

Association of Bankers, Auditors and Comptrollers).

Mr. Daniel attended elementary schools in Chicago, Harrison High School, numerous courses at AIB, Accounting at Northwestern University, and Graduate School of Banking at University of Wisconsin in Madison. Mr. Daniel is married and has two daughters.

He is a member and past president of the Lions Club, member of Council 3800 of Knights of Columbus, president of St. Peter's Holy Name Society, and president of St. Peter Board of Education.

STEPHEN RZYSKO, JR. is Vice President of Traffic with Charming Products, a position he has held for the past ten years. He is also the owner of Mr. Wonderful's Oakland Resort.

Mr. Rzyzko attended schools in Antioch and graduated from Antioch High School in 1945. He spent 2½ years in the Marine Corps. He was a member of the Antioch Police Department for six years, working his way up to Lieutenant. He is married and has three children.

Mr. Rzyzko is a member of Antioch Lions Club and a commentator and lector for St. Peter Church.

All adult (18 years and older) parishioners and-or parents of St. Peter School children are eligible to vote.

## CONGRESSMAN McCLOREY POLLS CONSTITUENTS

Continued tation and communications facilities?

8. Do you believe that adults who receive welfare benefits should be required to work if they are able to do so?

9. Do you favor a law that would prohibit the issuance of food stamps or welfare payments to families of striking workers?

10. Would you support a program of tax credits to parents or guardians of children who attend private or parochial schools?

11. In Federal minimum wage legislation, should exceptions be made for teen-agers and farm workers?

12. Should environmental standards be modified in order to meet increased energy requirements?

## OFF TO MUNICH

Dick Witt and his wife Judy will soon be off to Munich Germany. Witt won the trip through a national sales promotion sponsored by State Farm Insurance for sales in Life, Fire and Health insurance.

The Witt's will be in Germany for one week. In 1971 they travelled to Spain when Dick won the promotion contest that year.

## COTILLION TICKETS ANSWER A CALL FOR HELP

The Antioch Mental Health Association is a relatively small but active organization. Funds raised by the Thrift Shop and the annual Cotillion help emotionally disturbed children, children with multiple learning disabilities, retarded children and mentally ill.

Last year the Antioch Mental Health Association provided monies to help build a new residential center for severely handicapped children at Grove School; more specifically a physical therapy room.

This year the organization's goal is to furnish this room with up-to-date equipment. This gives us all an opportunity to provide many young adults with a chance for a rich and full life.

Won't you please support this effort by purchasing a Cotillion ticket at the State Bank of Antioch, the First National Bank of Antioch, The Antioch Savings and Loan, or the Thrift Shop. Ticket Chairman, Irene Hahn, 395-0096 and Carolyn Costoff, 395-5669 will be glad to answer any questions concerning tickets or table reservations.

The date for the Cotillion is May 12th. The dinner-dance will be held in the East Ballroom in the Ramada Inn, Highwood, Illinois; just thirty minutes from Antioch.

## CHICAGO'S MUSEUM OF SCIENCE AND INDUSTRY

Three matching grants totaling \$42,320 have been awarded to the Museum of Science and Industry in Chicago by the National Endowment for the Arts.

The federal funds will be used for an internship program, for bringing "senior citizens" to the museum, and for a new exhibit, according to Daniel M. MacMaster, museum president.

A \$24,000 grant was made under the NEA's "Museum Training Program" for a pioneering internship effort under which four graduate students will spend a year at the museum as part of their museum studies program.

## INDIVIDUAL DIFFERENCES

### "FABLE OF THE ANIMAL SCHOOL"

Once upon a time, the animals decided they must do something heroic to meet the problems of a "new world", so they organized a school. They adopted an activity curriculum consisting of running, climbing, swimming and flying and, to make it easier to administer, all the animals took all the subjects.

The duck was excellent in swimming, better in fact than his instructor, and made passing grades in flying, but he was very poor in running. Since

he was slow in running, he had to stay after school and also drop swimming to practice running. This was kept up until his web feet were badly worn and he was only average in swimming. But average was acceptable in school, so nobody worried about that except the duck.

The rabbit started at the top of the class in running, but had a nervous breakdown because of so much make up work in swimming.

The squirrel was excellent in climbing until he developed frustration in the flying class

where his teacher made him start from the ground-up instead of from the tree-top down. He also developed a charlie horse from over-exertion and then got C in climbing and D in running.

The eagle was a problem child and was disciplined severely. In the climbing class he beat all the others to the top of the tree, but insisted on using his own way to get there.

At the end of the year, an abnormal eel that could swim exceedingly well, and also run, climb, and fly a little held the highest average and was valedictorian.

The prairie dogs stayed out of school and fought the tax levy because the administration would not add digging and burrowing to the curriculum. They apprenticed their children to a badger and later joined the groundhogs and gophers to start a successful private school.

## W.C.PETTY SCHOLARSHIP FOR GRADUATING SENIOR

A graduating Lake County high school senior will be able to attend the College of Lake County next year because of contributions made by area teachers to the Dr. W. C. Petty Scholarship fund.

According to Sam Mazman, CLC financial aids director, the scholarship provides for an

award equal to two semesters of tuition and books at the College.

Each Lake County high school will be asked to write a letter of nomination for one graduating senior who has demonstrated academic superiority.

Officials of the College of Lake County will make the final selection.

This fable was sent to us by Dr. Albert Bucar, a member of the Antioch High School Board of Education. It should cause us all to stop and think! Dr. Bucar writes, "The fable is a cogent statement of one of our greatest challenges in education."

## DON'T FORGET TO VOTE!

### APRIL 14TH

## ANTIOCH COMMUNITY HIGH SCHOOL BOARD

### ELECT

### "Qualified Candidates"

Charles Forster

Charles Forster is a homeowner in Antioch Township since 1949 and his grandfather before him homesteaded in Bluff Lake in the early 1800's.

Married to his wife, Valera, in 1945, the Forsters have five children: Diane (Sr. Mary Diane, B.V.M.) Des Moines, Iowa; Charles, a supervisor Ball Corporation; James, 8th grader and Christine, 2nd grader at St. Peter's School, Antioch.

Chuck Forster attended Grass Lake School, Antioch, St. Sabina Grade School, Chicago, St. Leo High School, Chicago and Parks Aeronautical Engineering College, branch of St. Louis University.

He is a member of St. Peter's Church and Holy Name Society, involved in committee work.

He is part-owner and manager of Grass Lake Lumber Company and lists his membership with the Lake County Lumber Dealers' Association and Negotiating Committee.

Frank Johnson

Frank C. Johnson, Rte 5, Box 482, Antioch, has been a resident of Antioch Township for 18 years and a homeowner for 13 of those years.

Frank spent his early school days in Chicago where he attended Irving Park Grammar School and Carl Schurz High School, from which he was graduated in 1952. He has been employed with Commonwealth Edison Company for the last 17 years and is, at present, enrolled at the College of Lake County in Grayslake, Illinois, as a part-time student in Liberal Arts.

He was married in St. Peter's Church in Antioch in June, 1956, to the former Louise McCann of Lake Villa. Louise Johnson has been employed at the State Bank of Antioch for 21 years.

The Johnsons have two boys, Daniel 10, a fourth grader and Frank, Jr. 13, a seventh grader at Emmett Grade School.

Frank Johnson is a member of the Antioch Fire Department and Underwater Recovery Team in which he has actively participated for the past twelve years.

## Your Support Will Be Appreciated

FOR RIDES TO POLLS, PLEASE CALL 395-1191 395-0800 356-5805 395-1983

Members of PM & L rehearse their production of "You're a Good Man, Charlie Brown." Shown in a pantomime of a baseball game are (l to r) Schroeder, played by John Cadwell, Snoopy, Ed Grimes, Lucy, Paula Scardino, and Linus, Bill Beese. (Staff Photo)

## CHARLIE BROWN PLAY DATES CHANGED

Good grief! The musical production, "You're A Good Man, Charlie Brown," is almost here. It opens at the PM&L Theater in Antioch on April 27, and runs April 28 and May 4, 5, 11, and 12. Season subscribers should note this change from the originally announced play dates to avoid conflict with the Easter weekend. Curtain time is 8:30 p.m.

Rarely has a play included such a well-known group of characters. Charlie Brown himself is played by Bill Sershon of Antioch; Lucy, by Paula Scardino of Round Lake; Snoopy, by Ed Grimes of Antioch; Linus, by Bill Beese, Antioch; Schroeder, by John Cadwell, Duck Lake, Ingleside; and Peppermint Patti by Barbara Tyska of McHenry. As all faithful comic-strip readers know, these pint-sized people, while somewhat zany, are very real and terribly earnest.

The play is directed by Don Beveroth, whom PM & L fans will remember for his solid roles in such productions as "Arsenic and Old Lace," "Man of La Mancha," and "Plaza Suite." The music for Charlie Brown is provided by a delightful combo composed of Tracy Teltz on piano; Tanya Millsop, xylophone, celeste, and

bells; and David Rush, timpani, drums, and cymbals.

As Ed Grimes points out, Snoopy is really more of an actor than anything else. Although he is mainly a dog, he also enjoys playing the roles of a World War I combat hero, a fierce jungle animal, and a guerrilla fighter among other things. Snoopy bites people every once in a while, just to stay in shape. Worst of all, he is not very good at hunting rabbits because he is the only dog in Antioch who does not know what a rabbit smells like.

Incidentally, if you do not know what the PM & L Theater smells like, it is at 877 Main Street in Antioch, and it answers to the telephone number of 395-9702. General admission is \$3.00 for adults and \$1.50 for students. Seating is limited and you are well advised to make reservations by telephone.

Do not worry about Snoopy. He won't bite you if you treat him right. In future stories about "You're A Good Man, Charlie Brown," we may also be able to tell you about Lucy. Or Linus. Or Schroeder. Or Patti. Meanwhile, plan now to see the play. It is moving along, slowly along, down toward Antioch.

## WOMEN OF THE MOOSE

There were 77 in attendance at the Membership Committee Chapter Night program on April 5. Darlene Gers, Chairman, members of the committee and other co-workers sponsored twenty-two candidates, to be known as the Judy Frasc Class, honoring our deceased member. Those enrolled were: Theresa Taylor, Dolores Povillaitis, Patricia Lipsi, Jr., Eileen McGuire, Patricia Halper, Nancy Georgeson, Janet and Doris Dagens, Mary Badus, Victoria Drag, Evelyn Lowe, Marie Vos, Peggy Van Patten, Norma Garvin and Jean Caryl—all affiliated members. Also Judith Hart, Sharon Watson, Judy Martin, Narcissus Donovan, Donna Camphouse, Karleen Johnson and Barbara Vejvoda—all Home Chapter members. The Membership Committee presented Judy Frasc's mother, Lottie Vejvoda, with a beautiful memorial plaque. Darlene would like to thank and welcome these new members for making this a most memorable occasion. We hope that they will enjoy their membership by taking an active part.

Prelate Cal Bickle, of Loyal Order No. 525, showed a film of children living at Mooseheart, our Child City. We are all fortunate to live so close to Mooseheart, and everyone should make it a point to tour the grounds and see the buildings in which the children live, the beautiful House of God, the very modern High School, administrative buildings and the huge gymnasium and football field. Everyone could see why we work so diligently to support this organization.

Advance dates: There will be a chicken fry on Saturday, April 14, 6 to 9 p.m. followed by a Sing-Along with Judy Page at the piano. Donation \$1.75 per person. April 15: Children's Easter Egg Hunt-Lepsi's Lodge—weather permitting. If inclement weather, call the Moose Home for further information—that day, 2 to 4 p.m.

April 18: Waukegan chapter Green Cap program: Judy Page

## FAMILY COUNSELING CLINIC EXPANDS EDUCATIONAL OFFERINGS

The Family Counseling Clinic has expanded its educational division to include an extra semester of evening adult enrichment classes. James Friedman, Director of Education said three courses are being offered during the "new" spring semester which begins April 17th and runs through June 7th.

"We found many people were too busy around the first of the year to get involved in our adult

enrichment courses during the winter semester so we decided to give them this second opportunity," Friedman, a clinical psychologist, said.

Registration is being accepted by phone for the three courses offered during the "new" spring semester and interested persons should call the Family Counseling Clinic at (312) 223-8107.

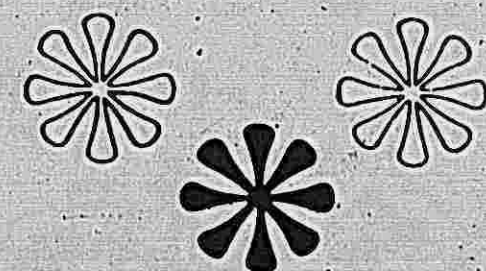

Psychiatric Social Worker Curt Wennerdahl will teach two of the "New" spring semester courses, both scheduled to meet on Thursday nights.

"Today's Family" will feature discussion of the contemporary family and its future. This course will also involve various ways to handle family conflicts. It will run from 7 until 8:30 p.m. each Thursday.

"Psychology in Everyday Living" will help those involved become more comfortable with interpersonal relationships. This interesting course will run from 8:30 until 10 p.m. each Thursday.

Clinical Psychologist Leah Pendarvis will lead the "Today's Woman" will enable women to explore the issues of intimacy, love, sex, motherhood, career, self esteem and other relevant issues which will help each woman become a whole woman in her own way.

The cost of each course is set at \$25.00 and all classes will be held at the Family Counseling Clinic which is located on Rte 120, just west of Rte 45 in Grayslake.

guest Senior Regent.

April 19: Business meeting - 8 p.m. - Moose Home.

April 21: Legionnaire's and their ladies Pot-Luck Supper. Gerri Polson and Pat Sperling have some surprises planned. Also plans for annual dinner. PLEASE COME - ENJOY THE FUN!!

April 24: Academy of Friendship Ring Ceremony Practice. All A, of F. members are welcome to participate and aids and receivers are urged to attend.

April 26: Loyal Order Installation Practice - College of Regent members invited to be escorts - 7:30 p.m.

April 28: Loyal Order Installation. Dance and refreshments to follow.

## LOUISE HOGAN STRUCK BY SEARS TOWER FALLING DEBRIS

Mrs. Louise Hogan, 61, of RFD 4, Antioch was one of the victims of falling debris that fell from the 100th floor of the new Sears Tower last Thursday, April 5th.

The accident occurred when a stack of wood planks, that were being raised to the 106th floor of the Sears Tower at Adams and Franklin Streets in Chicago,

slipped and fell and broke windows sending a shower of glass and wood to the street.

Mrs. Hogan was walking east on Adams Street to her job at a management consulting firm at LaSalle and Adams Street. She was struck on the back and knocked to the ground by the falling debris. Taken to Hennrich Hospital in Chicago, she was treated and released.

## RAINBOW SUNDAY

Richelle's service project for her term has been the making of Easter basket favors for the residents of Rolling Meadows Nursing Home at Zion. The girls took them there Saturday afternoon, April 7th and stayed for a short visit with the ladies and gentlemen.

On Sunday, April 8th, Antioch

Rainbow Girls joined the Millburn Rainbow Girls and went together as a group to Millburn Congregation Church for Rainbow Sunday. A pot-luck dinner was enjoyed by the girls and their families after the service at Millburn Masonic Temple.

## ANTIOCH GRADE SCHOOL BAND PLANS CONCERT AND BANQUET

The Senior Band will perform in Concert on Sunday, April 29th at 4 p.m. at the Antioch Upper Grade School. The program will consist of favorites which have won the band acclaim both on their Washington Concert Tour and as State Final Position Winners.

Formerly known as the Antioch Grade School Band, the organization has continued under private funding since being cut from the school program during the last year. The band consists of Junior and Senior units, under the direction of George Olisar. There are approximately 90 members.

Everyone in the community is invited to attend the concert. Admission is free.

Following the concert, band

members and their parents will adjourn to a gala banquet at the Bristol Oaks Country Club on Route 50 in Bristol Wisconsin. It will begin at 6 p.m. Junior and senior band members will be admitted free of charge as guests of the Band. Parents Association. There will be a charge of \$3.50 per person for parents and any guests. Those who have not made reservations for the banquet may do so by telephoning either Mrs. Pape, 395-2346 or Mrs. Wells, 395-3866.

As quite a few members of the band will be graduating this Spring, it is hoped the community will join in honoring these young musicians and their director, George Olisar, both of whom have brought musical acclaim to the Antioch area.

## BARBARA IRISH ENGAGED

The engagement of Barbara Irish to Lawrence Hladilek, son of Mr. and Mrs. Frank Hladilek of Vesper, Wisconsin, has been announced by her parents Mr. and Mrs. Robert Irish of Wadsworth, Illinois.

The bride-to-be is employed by Chicago Title Insurance Co. Her fiancé is employed by Johnson Outboard as a Tool-maker apprentice.

A July wedding is planned.

## Social Notes

by: Del Jahneke

"Collectable Delectables" is a fascinating new book "hot off the press" that is rapidly making the circuit in the Grass Lake area and it is sure to make the PTO Best Seller List! "Collectable Delectables" is a gourmet collection of delicious recipes written by both parents and children in the Grass Lake School District. This book features salads, breads, rolls, main dishes, vegetables, cookies, cakes, candy, Kids Korner, cooking suggestions and household suggestions. Books are on sale at Grass Lake School and by members of the Grass Lake Parent Teacher Organization for \$1.00. Don't pass up this bargain best seller! Get one soon. Limited supply! For further information, please phone either Mrs. John Hand-schiegel, 395-5586 or Mrs. Robert Dunlap, Jr. 395-4155.

Just a reminder that this Friday, April 13th, will be the Mother Daughter Banquet at the Antioch Evangelical Free Church, at 6:30 p.m., with some additional information regarding both program and menu. Fruit cups, relish dishes of olives, celery, pickles; rolls and butter; corn; baked potatoes with sour cream; sliced roast beef; coffee, tea, etc., and topped off with chocolate Bavarian cream cake! Sound appetizing?!! - from all past accounts, it will be! Now the guests will have another treat in store for them - the program! Mrs. James McMillen, who is well known for her beautiful

## REPUBLICAN WOMEN WELCOME SPRING WITH ANNUAL LUNCHEON

On Wednesday, April 4, 1973 the Antioch Republican Women's Club Auxiliary held their Annual Spring luncheon. 165 people turned out at the Rustic Manor in Gurnee to hear "Genie" Jean Bonnell tell us about our Astro signs, and to make money for a donation to the Dobe Farm Special Education School for some much needed items. \$400.00 was made at the luncheon.

Newly elected President of the Auxiliary, Sue Horton, was mistress of ceremony and introduced the special guests prior to the program. Many of the local politicians were either present or represented, namely: Mr. Flood, Superintendent of Education was represented by Mr. Wm. Thompson; Coroner Oscar Lind; Mr. Skidmore, County Treasurer and his assistant Terry Tucker; Linnea Trout represented Recorder, Frank Nustra; Lee Borst and Marilyn Alkire represented Adeline Geo-Karis; Representative Robert McClory was represented by Mrs. Frank Kenney; Mrs. Virginia Murphy represented her husband, J.W. Murphy; Stephanie Sulthin;

presentations of famous women in history, will have the AWANA girls appearing as "Young Women of Biblical Times". Mary Kay and George, a puppet show, will be fun for both young and old alike! The "honoring" of the mothers, and a songfest by the AWANA girls will conclude this fine program. It will be an evening long to be remembered!

Plans are just now getting underway for a massive "camp-out" for some 300 registered girl scouts in the Antioch area, which includes the Channel Lake, Grass Lake and Oakland districts, for the May 18-May 20 weekend. The Lakeview Girl Scout Council has purchased a lovely, scenic campsite near Hartford, Wisconsin, and this is the place where the camp-out will be held. Transportation will be by bus. According to Mr. and Mrs. Richard Maston, co-leaders, each troop will be responsible for their own meals and their

and Mr. and Mrs. Darrow.

Politics from the Village were not to be neglected. Candidate for Mayor of the Village of Antioch, Marge Nelson was introduced as was Vicki Wilton representing her husband Bob and Joan Toft who represented her husband Ray. The two candidates for Village Clerk, Marilyn Sterbenz and Shirley Gutowski were present as were those representing candidates for Village Trustee. Sue Redman represented Vern "Barnie" Barnstable and Barbara Rush represented her husband Joe as well as The Antioch News.

The audience was thoroughly entertained by Jean Bonnell, dressed in the traditional "Genie" costume - complete with her garbage can full of Astro signs. Each of the 12 signs was introduced and members of the audience were invited up on the stage as she elaborated on the virtues and faults of each. It was fun to compare the signs and to recognize traits in those standing up front. Mrs. Bonnell also gave us a taste of Palm reading and ESP.

Following the tasty luncheon and program, many lovely door prizes were handed out.

activities. Saturday night, May 19th, there will be a big campfire and special entertainment. More information will be forthcoming at a later date.

### DRAPERY CLEANING

For the next few weeks, I'll be donating this space to the topic of cleaning your drapery properly. Because of all the "Invisible Enemies" that do their damage, drapery should be carefully examined and handled. A reputable cleaner should be able to deliver your drapery in a clean, bright and well pleated condition but there are some things you should be aware of when you bring them in.

The Better Business Bureau has prepared an excellent pamphlet explaining fiber reaction. I'll condense this for our purposes, but if you want the pamphlet, stop in for one. They are free. Next week: Sunlight, and oxidation.

Carol

## New Deductions

Ron and Lynnette Bratzke are proud to announce the birth of their first child, Sharon Elizabeth on March 20, 1973. The sweet little miss tipped the scales at 10 lbs. and was 21½" long.

Maternal grandparents are Mr. and Mrs. George Murrie of Antioch and paternal grandparents are Mr. and Mrs. Wm. Bratzke of Waukegan.

Lynette has been a very active member of the Milburn Eastern Star Lodge.

## METHODISTS

## READY FOR SPRING

## RUMMAGE SALE

The United Methodist Church of Antioch, Illinois will hold their Spring Rummage Sale on Friday, April 27th, at 9:00 a.m. in Wesley Hall.

There will be a nice assortment of clean clothing, household wares, shoes, furniture, toys, and books. A White Elephant Booth will include knick-knacks and jewelry.

There will also be a booth with home-made bakery goods. Sandwiches, cake and coffee will be served throughout the day.

## ART GUILD MEETS

The Antioch Art Guild has begun to meet again. They will be meeting every two weeks on Wednesday evenings in the Community Room of the First National Bank of Antioch. Workshop sessions will be held and a still life will be set up.

Anyone interested in painting is welcome.

## CARTOONIST TO ENTERTAIN WOMAN'S CLUB

The next regular meeting of the Antioch Woman's Club will be on April 16. An especially interesting program has been planned. The entertainment will be provided by Mr. Arthur Henrickson, a cartoonist. Mr. Henrickson is editorial cartoonist for the Rockford News-papers, Inc. and 40 weekly Chicago suburban newspapers. He has sold gag cartoons to many national publications and has exhibited some of his work at the Chicago Art Institute.

## YOUNG IDEAS TO HOLD PARENTS NIGHT

The Young Ideas 4-H Club is holding their annual parent night, on Monday, April 16th at 7:30 p.m. at the Millburn Church Hall. Sharon Coffman, Asst. Extension Advisor will be the guest speaker. She will speak on foods judging.

Project demonstrations will be given by Dalana Arion on knitting; Sherry Shuman and Candi Scardina on family gardening; Marlene, Nancy and Gloria Wells on babysitting; Kathy Murphy and Diane Kroepin on knitting; and Judy Shoelzel and Dalana Arion on ceramics.

Refreshments will be served at the conclusion of the meeting.

## NEWCOMERS TO HOLD BOWLING PARTY

The Antioch Welcome Wagon Newcomers' Club will hold a Bowling Party - Saturday evening - April 28th at 8:30 p.m. This will be a "Scotch Doubles" buffet dinner and one drink, be it husband and wife or two men or two women teaming up. This should be a fun evening, so see you there. Call Nancy Mancuso at 395-6571 for information and

reservations. Reservations must be in by April 25th. Party to be held at Antioch Bowl, Rte 173, Antioch, Illinois.

From our Arts and Crafts Program - Art Fair Workshop at Betty Baker's Home Wednesday April 18th, 9:30 a.m. Call Betty at 395-3650 for directions and more information.

## TOPS ILLINOIS 328 INSTALLATION

In a candle lighting ceremony Tops Illinois 328 of Antioch, Ill., held their installation of officers on March 31, 1973 at the home of weight recorder, Florence Krok.

Outgoing leader, Ruth Heath gave her retirement speech. Upon conclusion of her speech, Mrs. Heath lit the candle of continuity which began the official installation of new officers. This ceremony was conducted by Marion Garrett.

The new officers who will begin their term of office with the 1st meeting in April are: Leader: Bobbie Jean Knackstedt, Antioch; Co-leader: Anita Wisniewski, Antioch, Secretary: Ruth Heath, Antioch, Treasurer: Audrey Strauss,

Camp Lake Wisconsin.

Appointed offices were filled by: Florence Krok, Antioch as Weight Recorder and Marion Garrett of Trevor Wisconsin as Reporter. This was followed by a fun night with hostess, Ruth Heath, providing a low calorie dessert.

Plans for the Area Recognition Day at Bloomington, Illinois, the Leader's meeting at Round Lake Park, Ill., and International Recognition Days at Milwaukee were discussed. This is Tops 25th year as a non-profit weight losing organization.

Anyone interested in joining Tops can gain information by calling 395-0241 or 862-6485.

## BRAILLE TYPEWRITING DEMONSTRATION

Typewriting in Braille will be demonstrated by members of the Lake County Blind Association at their sale of handicraft items Friday, Saturday and Sunday (April 13, 14, 15) at the Belvidere Mall in Waukegan.

Jim Miller, treasurer, said Braille characters produced with a stylus and slate will also be shown.

Novelty items, many made by the blind, will include embroidery framed for wall hanging, plastic wipe cloths "That look like pajamas," wash cloths "that look like baby jackets," waste baskets made from egg cartons, booties, aprons and candy. Educational literature on blindness will also be available.

Released POW Capt. Jim Warner spoke to several classes at the Antioch High School last Friday. (Staff Photo)

## POW SPEAKS AT HIGH SCHOOL

Two more weeks til Easter vacation! The week preceding is Student Council week for the freshmen, sophomores and juniors. I'm sure you'll notice when you drive by; the posters, signs, paints, etc. are always plastering the windows and hallways. There is a day designated for speeches and the entire week is exciting with campaigning and competition between peers. Then, at last, the big day for voting. I'll keep ya tuned in on the latest!

Saturday night was the Mother-Daughter Banquet for G.A.A. It was a lot of fun and really turned out well. We had a special guest, Mrs. Anderson, who was a girls P.E. Instructor last year. Most of you probably remember as Miss Lehman, her maiden name. Miss Arendt looked so nice I didn't recognize her. Congratulations to next year's new officers and I hope everyone had a nice time, which I'm sure they did.

Thursday, April 5th the PTA had a special meeting where they recognized the old officers. There was a short skit put on, directed by Jean Oelerich and Georgj Bury, starring Wendy Stout, Mike Ament, Donald Barlow and Jean Oelerich. There was a special arts display, also ceramics, woods, electronics, drafting and others. It was excellent - I hope many of you were able to see it.

There is another banquet coming Wednesday, April 11 for D.O. (Diversified Occupations) Students. Georjanne Bury and Taffy Engelhardt will be singing (Oh No!) for entertainment!

Mr. Brooke's Choir will be performing again for Spring Concert which is a week from Thursday. The Freshman Choir, Acapella Choir, Swing Choir and Boys Ensemble will be singing. There will also be two solos by Carol Wells, and Sue Ball. We need as many people as possible so try and make it.

Letter to P  
Help me to help your life  
and so help mine,  
Words! Words!

Your needs are children of a  
past so strewn with murdered  
desires that you must want and  
I am willing to be  
only a tongue speaking  
sincerely the praise your life  
grows tall on,  
the mirror necessary  
to render your face its beauty,  
your body its splendor,

A sun to light your moon  
that otherwise rolls, cold stone,  
in darkness, infinitely.

But where I stand

Captain Jim Warner of Ypsilante, Michigan, who was a Vietnam Prisoner of War since October 13th, 1967, spoke at the Antioch High School on Friday, April 6.

Capt. Warner spoke to the students briefly and then threw the floor open for questions, of which there were many.

The Captain was asked how he was captured. He told the students that he had been shot down in a plane in Cho Li, when he saw the plane was crashing, he ejected himself only to be surrounded by 100 or so men with automatic weapons. "Naturally", he said, "I surrendered."

He was also asked how the prisoners were so well informed about world events when they were released. Captain Warner said they received most of their information over radio "Hanoi Hana." This information, however, was very sketchy. For instance, the Captain said that one day the radio reported it was a great day, since the Bangladesh had been born. The Captain said "the men then debated for the rest of the day

on where the heck this new country could be." He also said they kept up with the events as new prisoners were taken, the 1972 prisoners for example were able to fill in a lot of blanks.

When asked if he was in contact with his family during his imprisonment, the Captain said,

"After 1970, I was allowed to write 7 lines a month. I also received 7 letters from my family."

The Captain also commented that he was moved some 12 times during the 5½ years. He said the men entertained themselves and they taught each other everything they knew and could remember. He recalled how in 1972 they were given 4 books and what a joy they had been.

His visit was arranged through the help of Roxelle Pickett, who is a speech teacher at the high school, and the Captain volunteered to speak to the students. He is on a pretty busy schedule, making three appointments before coming to the high school. He had many more to go that afternoon.

## DONNA COSTOFF AWARD PRESENTED TO CAROL WELLS

Carol Wells, a senior at Antioch High School, received the Donna Costoff Sportsmanship Award last Saturday night, April 7, at the GAA Annual Dinner, which was held in the school's cafeteria.

The theme of the dinner this year was Olympic's 73. The Club's new officers were installed at the dinner. They are: Laura Kessler, President, Barb Dodd, Vice President, Richelle Radke, Treasurer,

Terry Schleusner, Secretary, Linda Kasek, Secretary, Julie Ellis, Sports Manager and Marcia Doolittle, All-Star Captain.

Awards were also given to the girls who completed the needed number of points during the year. Many guests were present at the dinner and they included, Mrs. Warren Polley, Mrs. Gus Costoff, and Mrs. Lehman Anderson, who was a former physical education teacher.

(Week of April 13-19)

**ARIES (March 21-April 20):** You can help a friend or associate who is troubled. A favor rendered now can return benefits later. Superiors will be impressed with your initiative. A good period for seeking added responsibility or a raise. Best days: Tuesday, Wednesday.

**TAURUS (April 21-May 20):** Slow down the social pace and get plenty of rest. Health could become bothersome. Palm Sunday is an excellent time to re-establish church affiliation. A friend may boost your morale with good news. Best days: Sunday, Wednesday.

**GEMINI (May 21-June 21):** An energetic period ahead. Excellent for spring repairs, work around the home. Temper your enthusiasm with a practical attitude and don't take on more than you can finish. Relations with co-workers, associates should improve. Best day: Thursday.

**CANCER (June 22-Aug. 22):** A promising career or business opportunity could come your way. Be prepared to make a change with excellent prospects for success. Affairs of relatives, family could lead to conflict unless you display mature understanding. Best day: Monday.

**LEO (July 22-Aug. 22):** A promising career or business opportunity could come your way. Be prepared to make a change with excellent prospects for success. Affairs of relatives, family could lead to conflict unless you display mature understanding. Best day: Monday.

**VIRGO (Aug. 23-Sept. 22):** Stop procrastinating and get busy to clean up business, tax matters. Don't let pleasure interfere with responsibilities. Financial aspects indicate improved income, prospect of a good investment if you are careful. Best day: Sunday.

**LIBRA (Sept. 23-Oct. 22):** Moon in your sign signals a period of harmony. A good time to smooth over family misunderstandings. Possibility of news from a distance could brighten your week. Best days: Saturday, Thursday.

**SCORPIO (Oct. 23-Nov. 22):** Watch the budget and avoid extravagances. Home and family affairs should run smoothly, but you may have to work overtime to avoid dissension at work. Tack will enable you to overcome opposition of associates. Best days: Sunday, Monday.

**SAGITTARIUS (Nov. 23-Dec. 21):** Creativity at a peak after a rather slow period. Rely on your own intuition and disregard advice of well-meaning friends. A visit to a friend or relative would be appreciated. Best day: Monday.

**CAPRICORN (Dec. 22-Jan. 20):** A conservative approach is indicated in matters of finance, proposed changes involving work or civic projects. Be sure you know all the facts before making an important decision. Friends can be helpful with advice on career matters. Best days: Sunday, Wednesday.

**AQUARIUS (Jan. 21-Feb. 18):** If you've been feeling in the dumps, indulge yourself a little. Take a shopping trip, accept social invitations. Someone you meet socially could become a romantic interest. Best days: Friday, Tuesday.

**PISCES (Feb. 19-Mar. 20):** A conscientious attitude at work will impress superiors. Weekend is fine for family affairs, including in-laws. A short trip for business or career purpose could prove rewarding. Best days: Monday, Wednesday.

Mr. Kurek presents Carol Wells and Tim Mieuire with PTA Scholarships. Carol received the Wallace Anderson Memorial Scholarship for \$300. Tim Mieuire received the Francis Mitchell Memorial Scholarship for \$200. (Staff Photo)

## VETERAN PREFERENCE IN SUMMER JOBS

More than 400 summer jobs in state parks, memorials and conservation areas will be filled by the Conservation Department, with veterans having first preference, particularly veterans of the Vietnam War, Anthony T. Dean, department director, announced today, Tuesday.

"A policy of veterans' preference has always applied to full-time employment in the department," Dean said. "We are extending this policy to include temporary positions. I am hopeful that these summer positions will be helpful to veterans who are looking for employment between school terms, or who seek temporary employment prior to reaching a career decision."

"Hopefully, many will consider careers in the Department of Conservation."

Positions are open throughout

the state and, in most cases, consist of park interpretation and maintenance work. In addition to the salary, these jobs offer valuable training and experience in park maintenance and management.

"The department and the citizens of Illinois will benefit if we can attract these able young men to this important area of public services," Dean said.

Application can be made by contacting the Division of Parks and Memorials (217 525-6752) to arrange an interview in Springfield, or at one of several interview locations throughout the State.

## DEBRA HERBERT ELAINE WELLS NAMED TO DEAN'S HONOR LIST

Debra L. Herbert and Elaine M. Wells, both of Antioch, have been named to the Dean's Honor List for the winter quarter at Augustana College, Rock Island.

Miss Herbert, a freshman, is a daughter of Mr. and Mrs. William H. Herbert, Jr., 515 Winsor Drive; Miss Wells, a junior, is a daughter of Mr. and Mrs. Richard Wells, Route 2.

## CHERYL L. DALGAARD ON DEANS LIST ST OHIO STATE U.

Cheryl Lynn Dalgaard was named to the Dean's List of Ohio State University for the 2nd quarter. She is attending the College of Education, studying to be a speech

therapist.

Another feather in her cap is that she is the featured singer at the Ohio State Coffee House each weekend and also at the Newman Center.

## ENVIRONMENTAL WORKSHOP SCHOLARSHIP OFFERED ANTIOCH STUDENTS

High school students, especially sophomores and juniors will have an opportunity to apply for a scholarship of one week's tuition and board for the summer environmental workshops held in Illinois Universities. Scholarships are being offered by the Lake County Soil and Water Conservation District, P.O. Box 555, Lake Zurich, Illinois.

Students in this program will receive a broad introduction to the scope, problems and benefits of conservation and environmental activities that are constantly facing Illinois citizens. The areas to study will include ecology, nature, pollution, wildlife management, conservation law, population control, and increasing urbanization. Besides classroom instruction, the natural resources

once for applications. The phone numbers are 438-5427 and 438-6319.

and facilities of the surrounding area will be used for on-site instruction.

The workshops will be taught and supervised by regular university or workshop staff members. Technical assistance will be offered by the Office of the Superintendent of Public Instruction, the Environmental Protection Agency, the Institute for Environmental Quality, the Department of Conservation, the Illinois Natural History Survey, the Illinois Water Survey, the Soil Conservation Service and the Cooperative Extension Service in Agriculture and Home Economics.

Applicants are urged to contact the District office at

**"TORK"  
TALKS**

by: Tork Torkelson  
**Trailer Towing**

The great upsurge in recreation and motoring vacations has made trailer-towing a part-time way of life for millions of motorists.

When pulling a trailer, it's important to have the proper equipment, and to observe all the vehicle and trailer-loading recommendations.

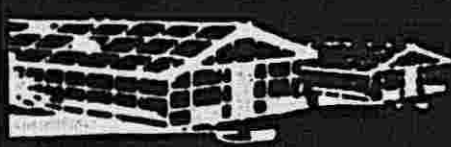

For trailers under a total of 2,000 lbs. loaded, you can use a good non-equalizing hitch. But you must equip your vehicle and trailer with lights that conform to both local and federal laws.

**NOTE:** Bumper hitches are NOT recommended. Single clamp hitches are not acceptable, either. Trailer rental agencies offer multi-clamp hitches which can be used with proper installation, usage and towing instructions.

It is not safe to guess at trailer weights. Weigh the loaded trailer on a scale to get both the total weight and the tongue-load weight.

The trailer load should be distributed so that the tongue-load weight is about 10 percent of the total loaded trailer weight.

## American Legion Auxiliary

The 10th District American Legion Auxiliary will be holding its spring meeting on Tuesday, April 17th, at 8:00 p.m. at the Lake Regions' American Legion Home in Fox Lake. Mrs. Everett Ainsworth, Lake Forest District President, will be the presiding officer.

Mrs. Victor W. Lello of Chicago, State President, will be the guest of honor (See Picture) Mrs. Lello was the unanimous choice of 73,000 members to be their Department President. She has two-fold eligibility to the Auxiliary, as a gold star sister and the wife of a four year World War II veteran, and an active legionnaire. Her husband, a University of Illinois Law School graduate, is a practicing attorney in Chicago. Mrs. Lello has served continuously with distinction in many capacities, as well as all the state offices. She was a hospital volunteer worker for 15 years, and for 13 years was the hospital representative in charge of veteran's affairs at Tinley Park Mental Health Clinic. She gave more than 3,500 dedicated hours as a volunteer before becoming involved in administering statewide programs. Her project for the year is the purchase of two Fairchild projectors to be used primarily for American Cancer Society Rehabilitation Center programs and the buying of an electric bed for use by multiple sclerosis victims. Mrs. Lello is well qualified to bring a timely message of Auxiliary achievements to members and guests. Other distinguished guests

are Mrs. Ray Rathmann, Antioch, 2nd Division President; and the 10th District American Legion officers, headed by William Franzen of Libertyville, District Commander. Two local district officers are William Dowden, Antioch North Shore Line Legion, District Historian; and Edward Jahneke of Antioch, Gurnee Legion, District Sergeant-at-Arms.

First place winners in the three classes of this year's annual Americanism essay contest will be presented a \$25.00 U.S. Savings Bonds by District Americanism chairman, Mrs. Richard Brown, North Chicago, on behalf of the 10th District Auxiliary.

There will be contests in the categories of poppy hats, poppy corsages and poppy centerpieces, with the Legion officers as the judges, according to Mrs. Frank Waggett, Highland Park, district poppy chairman.

District foreign relations chairman, Mrs. William Solberg of Zion will tell of the community house being constructed for Chinese refugees in Hong Kong through the joint efforts of the American Legion Auxiliary and the Hong Kong government, and contributions will be made to this project.

Memorial services will be conducted by the district chaplain, Mrs. Logan Kennedy, Baxter Evans Unit, in commemoration of all deceased members this past year. Chaplains from Units who have lost members will participate in the ceremony. Mrs. Ralph Fields, Antioch Unit Chaplain,

MRS. VICTOR LELLO

will take part in these services due to the recent death of Mrs. Anton Johnson.

Mrs. Kennedy asks that all Units send donations to the "Chapel of the Four Chaplains", an interfaith shrine that was built at Temple University, Pa., in memory of four men of God who gave their lives in World War II, so that four servicemen could live. She also states that the deadline date for "The Book of Prayers and Devotional Thoughts" contest is May 1st.

Mrs. Wayne Potter, Mundelein Unit, district veterans craft chairman, announces that a sale of veteran craft articles will take place. This program enables a handicapped veteran to earn his own money through items he makes. The Auxiliary sells these articles, with the entire profit going to the disabled veteran.

## ST.THERESE ESTABLISHES PATIENT SERVICE PROGRAM

A new program, designed to give patients a more personalized service while they are at St. Therese Hospital has been established.

Called the Patient Service Representative System, the program is designed to establish a personal link between the hospital's functions and the patient's needs.

Mary Jean Felknor, business manager, who is responsible for the program, said, "The Patient Service Representative has the responsibility of informing, advising and assisting the patients before and during their hospital stay."

"She is dedicated, a friend, an advisor and a professional staff member. She is important because she helps meet the critical needs of both the patient and the hospital."

"She acquaints the patient with hospital procedure and

provides the patient with a feeling of security in the form of a counselor."

For example, if a patient is unhappy about his care, unable to pay his bill, or just in need of someone to talk with, he may call his PSR girl. She will have introduced herself to the patient upon his admittance and informed him of how to reach her during the day.

Established approximately a month ago, the PSR program is currently being handled by Joan Kroll, Carol Plumley and Jo Maglio, all business office employees.

A discharged patient who is returning to the hospital for further care, will be able to call his PSR representative to help him with his needs, thus establishing a growing pattern of confidence between the hospital and its patients.

The district nominating committee, with Mrs. Joseph Hogue of Waukegan as chairman; Mrs. Thomas Rizzo, Lake Zurich; Mrs. Ann Solberg, Zion; Mrs. William Schultz, North Chicago; and Mrs. Herbert Gleason of Libertyville as members: will report on the slate of district officers. Election will be held in June.

Delegates, alternates and members are asked to attend this important meeting.

## ST. PETER'S RHYTHM BAND TO PERFORM

It is not every school that hosts a rhythm band made up of 22 marching first graders. Since last September the St. Peter first graders have been working to perfect their rhythm band and are now ready to perform.

On Thursday, April 5th, they travelled to the Terrace Nursing Home in Waukegan. When asked why they were going to the nursing home the students reported, "We are going to entertain them...we are going to make them happy and let them know we love them."

Mrs. Laura Young is the music director at St. Peter's and has helped the class work up several numbers that are complete with costumes.

The children sing "Candy Man" while playing their various instruments that Mrs. Young has collected from household sales, auctions, etc.

Chris Twardy is the class candy man and his main job will be to pass out candy while singing a solo verse of "Candy Man".

The class will be outfitted in gold capes and hats made out of the bottom of clorox bottles and X-ray film, which Mrs. Young spent a whole summer making.

The boys have a special number that they do a little dance to while they sing "The Ball and The Jack". The girls were not forgotten and have worked up a great hula number that is complete with grass skirts Mrs. Young fashioned out of crepe paper. Miss Ida Curry, who works in the kitchen, helped the girls get their dance down pat and the dance will be done to the Burl Ives record "Keep Your Eyes On Her Hands, and Not On Her Hips".

The students have practiced once a week and have also been assisted by Sister Sarah. This is the sixth annual program Mrs. Young has directed and she said that the kids have enjoyed it and she felt it was an experience they will always remember.

Mrs. Young also commented that her husband has been her biggest supporter. When the children travelled to the Terrace Nursing Home he supplied them with 125 carnations to pass out to the people, while they sing the song "Love, Love, Love".

The Rhythm band will give their next performance on

Chris Twardy is "The Candy Man". (Staff Photo)

Thursday, April 12th when they perform for the faculty and school at 1:00 p.m. They will give a second show that evening at 8:00 p.m. when they perform for the public. There is no charge. Everyone is invited.

St. Peter's 1st Grade Rhythm Band performs complete with instruments and costumes. This week they have been practicing extra hard as they will entertain several groups this Thursday. (Staff Photo)

"The Ball and the Jack" is one of the St. Peter's boys favorite numbers. They have even worked up a little dance to compliment the song. (Staff Photo)

**PORTRAITS, NOSES AND MOUTHS.....**The nose is best sketched with these simple lines.

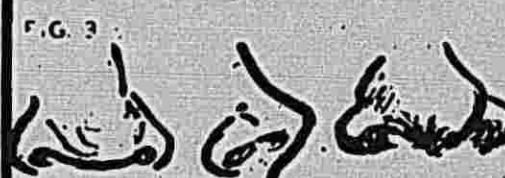

Portraits artists sometimes slightly exaggerate an outstanding feature in order to enhance a likeness. For example, a bulbous nose can be made a bit more round to draw attention to it.

But when you shade and do it with complete modeling, you should realize it is a three dimensional shape that will have highlights and shadows.

You will also have to practice drawing the many different shapes of noses.

The shape of the mouth also changes in the various views. Notice in Figure 4, that in the three-quarter view the bow shape on the right is shorter, that is the side which is turned away from you, and it is said to be "foreshortened."

And like the nose, you need to study various shapes of mouths to learn to show the minute differences which will become so important when you are doing portraits.

These are only a few of the many variations in drawing the parts of the human face. Pick up any magazine and practice drawing these variations from photographs of the face. The more you can easily recognize and make these characteristics of real faces, the better portrait artist you will become.

Happy Features

Next Week: **STARTING PORTRAITS USING A PENCIL.**

Citizens Action Party candidates and officials of the Antioch township board are shown discussing common village and township problems and ways to increase communication and cooperation. The Citizens Action Party pledged their support of tax-saving programs as well as other sound programs that would benefit the village of Antioch. Pictured l to r are: Russell (Bud) Holtz, newly-elected Township Assessor, Ronald Cunningham, C.A.P. candidate for Trustee, Lloyd E. Murrie, Antioch Township Supervisor, Blaine Ring, Antioch township Highway Commissioner, William H. Seemann, C.A.P. candidate for Trustee, Rudy Eckert, newly-elected Township Auditor, Robert C. Wilton, C.A.P. candidate for Mayor, Irving Carey, re-elected Antioch township Auditor, and Michael J. Haley, C.A.P. candidate for Trustee.

## BANK OF LAKEHURST SHOW PORTRAITS BY DEERFIELD ARTIST

The Bank of Lakehurst, in cooperation with the Lake County Art League, is exhibit-

ing portraits by Irene Ruppel. Located at the entrance to the South Mall of the Lakehurst Shopping Center, the bank will display Mrs. Ruppel's work throughout April.

The artist, who is a Deerfield resident, has studied with Barbara Houskeeper, Carl Schwartz, and Herb Bull. Her work has been shown in schools, clubs, banks, shopping malls, and office reception-rooms on the North Shore.

Among the highlights of Mrs. Ruppel's career are the "Best in Show" award at Trinity College, Bannockburn, in 1970;

a letter from the White House acknowledging a portrait of the late President Lyndon Johnson with his grandson Lynn in 1968; and more recently, a phone call from President Richard M. Nixon's personal secretary to tell the artist that her portrait of Tricia Nixon was stolen before its arrival at the White House. Mrs. Ruppel has since done another portrait of Tricia, Julie, and Pat for the First Family.

The Lakehurst exhibit includes portraits of Irv Kupcinet, Marilyn Monroe, Clark Gable, Elizabeth Taylor, and Mohammed Ali, among others.

## WHO IS PADRE PIO?

Padre Pio was a priest who bore wounds like those of Jesus. His hands, feet, and side constantly dripped with blood. PADRE Pio's extraordinary God-given talents and his life of humility, obedience, and suffering brought countless people to Christ. His powerful intercession with our Lord has and continues to help many, obtaining for them both physical and spiritual favors, and conversions.

Mrs. Vera Calandra is a popular lecturer and staunch supporter and devotee of the late Padre Pio. She is the mother of 6 children and wife of a self-employed grocer, Harry Calandra. The family attributes to Padre Pio's intercession, the miraculous recovery of their fifth child.

In the U.S.A. Vera travels extensively to introduce Padre Pio to public audiences. Her presentation includes relating personal experiences with Padre Pio and the showing of a documentary movie on the life of the venerated priest. Articles of Padre Pio's clothing and other personal effects will be shown.

Thursday, April 12 at 7:30 p.m., Mrs. Calandra will present her program at St. Francis deSales Church, 148 Main Street (Highway 50) in Lake Geneva, Wisconsin. Everyone interested is most warmly invited. There is no charge. Bring family, friends, children. The program is one of beauty and inspiration beyond description.

## UNDERWRITERS TO HEAR JOHN LIPSEY

John C. Lipsey, CLU, who is vice president, sales, in Prudential's Mid-American Home Office, Chicago, will be the featured speaker at the April meeting of the Lake County Life Underwriters Association. The meeting will be held at noon on April 13 at the Waukegan West Holiday Inn, 6161 West Grand Avenue, Waukegan.

According to James Walsh, CLU, president of the association

and manager of the Metropolitan Life Insurance Company's office in Waukegan, Mr. Lipsey will discuss ways in which life underwriters can continue to merit the public's confidence in an era of consumerism.

The Prudential executive heads the company's Mid-American Ordinary Agencies, serving Illinois and Indiana. He lives in Highland Park.

Mr. Walsh is a resident of Antioch.

## Obituaries

**MR. RAYMOND L. ENZENBACHER** 52 years old of Antioch, Illinois passed away on Friday April 6th at his home in Volk Brothers Subdivision on Lake Marie. He was born on Feb. 29, 1920 in Chicago, Illinois and moved to Antioch in 1951. He is a member of Sequoia Masonic Lodge No. 827 A.F. and A.M. (Antioch) & Henry Honick Post No. 1583 of the V.F.W. in Chicago. He had served in the Army during W.W. 2. He repaired and sold surveying equipment at his home. He married Dorothy Olsen on July 28, 1951 in Chicago.

Survivors are his wife Dorothy, 1 daughter Holly and 2 sons David and Erik Enzenbacher (all at home) His mother, Mrs. Gertrude Enzenbacher, 1 sister and 4 brothers.

Funeral services were held at the Strang Funeral Home on Monday at 1:30 p.m. Interment was in Hillside Cemetery at Antioch.

**MRS. DOROTHY PIERCE** 71 years old and formerly of Antioch, Illinois passed away on Friday, April 6th at Victory Memorial Hospital after a 6 year illness. She was born October 4, 1902 in Chicago, and moved to Antioch in 1944. She was preceded in death by her husband Frederick H. Pierce on May 1966. She is survived by 1 sister Virginia-2 nieces and a

step brother.

Graveside services were held at 3:30 p.m. Monday at Home Oak Cemetery near Antioch. Rev. Raymond Kotwiczki of the Salem Methodist Church officiated.

### Christian Science Churches

In Luke 6th we read how Jesus healed the man with the withered hand, and taught in the synagogue. This is described and taught in the Lesson-Sermon this week entitled "Are Sin, Disease and Death Real?"

From Science and Health with Key to the Scriptures by Mary Baker Eddy, we read "Jesus did the will of the Father. He healed sickness in defiance of what is called material law, but in accordance with God's law, the law of Mind."

Members of First church of Christ, Scientist, BEACON HILL, Rte 173 and Harden, Antioch, Illinois invite the public to come to the Sunday services held at 11 a.m. All are welcome.

**HESTER GARLAND** 78 years of age passed away on Monday afternoon, April 7, 1973 at Midway Hospital where she had been ill for one week. She would have been 79 on April 24 of this year.

Mrs. Garland resided with her daughter Sue and her family, Dr. and Mrs. Harlan Hawkinson. She had two grandchildren.

A former Antioch school teacher for many years, Mrs. Garland was well known and loved by many of the residents of the town.

**MR. MICHAEL C. BAKALIS** 83 years old of 1541 Forest Drive, Lake Villa, Illinois passed away on Friday April 6th at the Terrace Nursing Home in Waukegan. Born on January 30, 1890 in Greece and came to the United States in 1906 to reside in Chicago until moving to Lake Villa 16 years ago. He is a member of the Order of Ahepa Garfield Chapter No. 203 - Hellenic Masonic Lodge No. 1084 A.F. & A.M. - Trikorfa Chapter No. 25 of the Pan American Federation of America & the Greater Chicago Loyal Order of Moose Lodge No. 3. Mr. Bakalis had formerly owned the Boysen Baking Co. in Chicago which he had operated for over 30 years and retired 18 years ago. The bakery is now known as Gonella Bakery. He married Lillian Kirian on July 12, 1946 in Chicago.

Survivors are his wife Lillian - 1 daughter Mrs. Constance (William) Hoth (Wildwood, Ill.) 1 brother John Bakalis (Chicago) - 2 brothers and 1 sister in Greece and 2 grandchildren. Funeral services will be held at 11:00 a.m. Tuesday at the St. Ignatius Episcopal Church in Antioch. Interment was in Bohemian National Cemetery in Chicago. Rev. Father Sarantos Serviou of St. Demetrios Greek Orthodox Church in Waukegan officiated.

## "Hindsight's Better Than Foresight"

Next week Christians enter into their Pascal Mysteries. They celebrate the Passion, Death and Resurrection of Jesus. These days begin with Holy Thursday and the Last Supper. Jesus and His apostles gather to celebrate the Feast of the Passover.

A chosen band of a dozen men,  
follow their Lord into this inn.  
For three long years they had followed this man  
and now comes the time that He finish his plan.

To them this night is nothing new  
being the tradition of every Jew.  
Being unaware on this very night,  
for all eternity they'd set their plight.

And now the dinner is in pace,  
but then He must stop and look on that face.  
Before He continues He must make him leave,  
lest He ordain the one not to grieve.

Now is the moment He takes into hand  
the bread from the table as in every land.  
The wine which is common and given to man  
to give him the joy, whatever it can.

Thanks being given, His eyes lifted up,  
bread in His hand, wine in the cup;  
"This is My body, this is My blood"  
given for man made out of mud.

This story of love ended not here  
for in the Bible it states very clear,  
This very same power to each He did give  
that man in the future might also live.

So on this day let us celebrate  
as it happens to be our fate,  
Called by Christ in a special way  
to repeat these words some future day.

Rev. Eugene Kousal

## "OUTDOORS IN ILLINOIS"

The weak-disappear, but the hearty persist. That's the recurrent theme when counts of wildlife that made it through the winter are tallied each spring.

A wildlife biologist for the Illinois Department of Conservation will sum up last winter's toll of wild animals on "Outdoors In Illinois" this month. He'll also describe the present condition of animal populations in the state.

Timely topics to be featured in April on this widely-heard 15-minute weekly public service radio broadcast will be:

April 7-13 Turkey Huntin' '73 - Jack Calhoun, Division of Wildlife Resources.

April 14-20 Flood Water Retention Myths-Mike Conlin, Division of Fisheries.

April 21-27 Wildlife Winter Carry-over-Bill Preno, Division of Wildlife Resources.

April 28-May 4 "...Profiles on Parks", Sangchris Lake State Park-Jerry McDonald, Division of Parks and Memorials.

## NORTH CENTRAL CYCLES

John Pynakker & Gary Herman  
Owners

When you "Saddle Up" for the freewheeling fun of it, Mr. Average suddenly becomes an individual with a desire for freedom to move in the best possible way. At North Central Cycles they take the freedom movement seriously and invite everyone to discover unfettered excitement with a ride on a new Triumph, BSA, Suzuki, Maico or Montessa. These muscle machines can get the job done on the track or on the street, and will never drive you to the poor house because they cost only a few pennies a day to operate.

In this area we invite you to see North Central Cycles located at 887 Main in Antioch, phone 395-3205.

They are your local authorized dealer for Triumph, BSA, Suzuki, Maico and Montessa motorcycles and a fine line of mini bikes.

These men know bikes from A

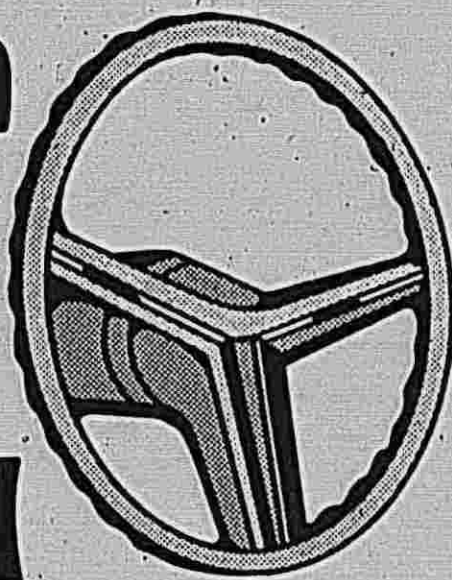

to Z, and can service anything on two wheels for you. When your machine needs a tune-up or repair see them first, and if your pocketbook can't cover the price of a new machine, take a long look at their good selection of used bikes. All have been serviced and checked by experts and still have miles and miles of unused miles in each one of them.

### TIPS FOR CYCLING

Have the right equipment, and take care of it right. From helmet to boots, from bike handlebars to tires.

I'm  
Just a  
Steering  
Wheel

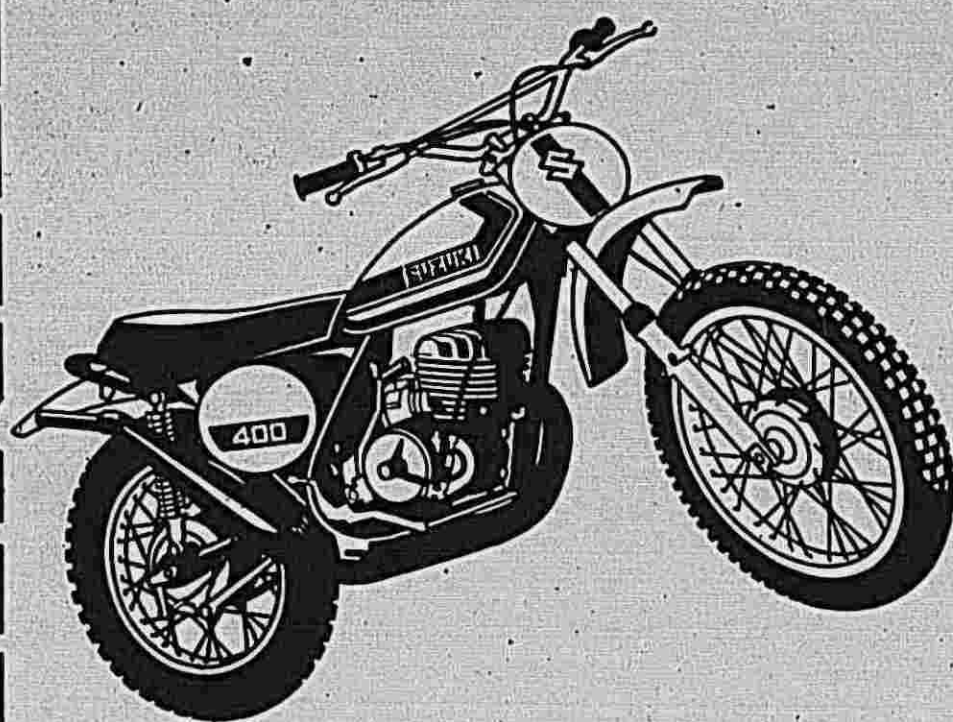

I'm your enemy; a menace to the life, happiness, the future of every person, every youngster riding, walking, playing.

I was made for pleasure and usefulness. Keep me that way. I'm in your hands. I'm just a steering wheel. But behind me you are the master of a miracle . . . or a tragedy. It's up to you!

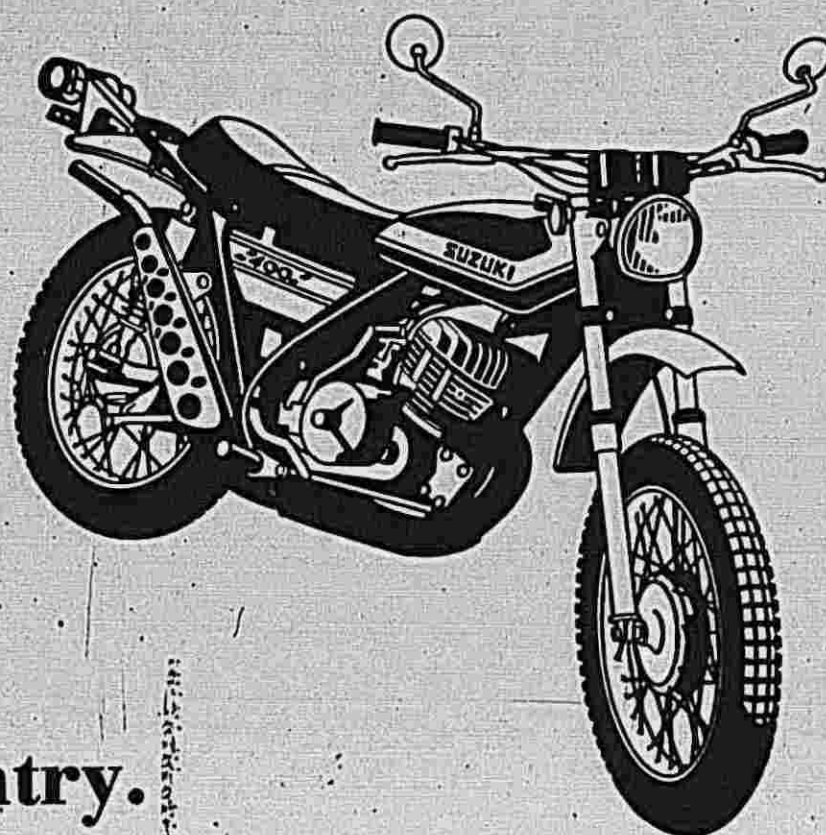

And I'm no respecter of persons. A child, a grandmother, even YOU, my friend . . . it's all the same to me.

I respond instantly to the hands you give me. Give me calm hands, steady hands, careful hands . . . and I'm your friend. But give me unsteady hands, reckless hands . . . then

## BSA—TRIUMPH, BMW MOTOR SALES

When I was 12 years old, my father bought me a 1926 Harley Davidson 74 for \$17.00 and I've been a motorcycle enthusiast ever since. No laws pertaining to drivers license, helmets or lights. What started as a hobby has grown into a full time business. In 1956 I became a franchised BSA and Triumph Dealer and have carried the BMW line since 1965.

With all the sanctioned events

and new shops opening up in the vicinity, I believe motorcycling will become more popular and accepted in future years. My wife and I find cycling a relaxing and inexpensive way to travel thru our country. So if you are interested in a motorcycle, need some parts for the one you have, or just want a word of advice, stop in at BSA—Triumph—BMW Motor Sales to see me or call 815-678-4015.

The world's smallest electric motor has an output of only one millionth of a horsepower.

## DEUSTER PLAN FOR FINANCING WELL—MANAGED MASS TRANSIT SYSTEM FOR NORTHEASTERN ILLINOIS

At a press conference in Springfield State Representative Donald E. Deuster (R. Mundelein) joined by co-sponsors Rep. Giddy Dyer (R. Hinsdale) and Rep. Robert Dunne (R. Chicago) described their proposal to establish a single mass transit system in Northeastern Illinois with a "balanced blend of adequate financing" and with "AMTRAK style free enterprise management flexibility."

The Deuster-Dyer-Dunne plan would provide a non fare-box budget for a Chicago Metropolitan Area Transportation System (CMATS) of \$116 million comprised of: (1) \$18 million from a half-penny gas tax in the six-county region; (2) \$10 million from a Ridership Contribution by local governments in the region from their Federal Revenue Sharing funds; (3) \$12 million from the State of Illinois; (4) \$18 million from a redistribution of statewide Motor Vehicle Fuel Tax monies; and (5) \$58 million

from the Federal Government.

The three legislators emphasized that their three-bill package would insure improved mass transit services in the suburban counties by: (1) each county enjoying at least one voting voice on a 25-member Board of Directors comprised on the "one-man one-vote" principle; (2) a substantial portion of funds contributed from each county must be spent for mass transit services within that county; and (3) an "AMTRAK-style" provision that new or additional services would be added when local areas agree to pay a "reasonable share" of the costs of providing the service.

Deuster said: "Our proposals are perfectly consistent with the statesmanlike suggestions made Saturday in Chicago by Mayor Richard J. Daley that financing of mass transit should come from a variety of sources, and that every area of the Chicago region should have a

IT'S NEW! Kawasaki has introduced the first really successful combination sport/touring motorcycle in the U.S. It's called the Z-1 and is powered by the industry's only 903 cc transverse four cylinder, four stroke, dual overhead cam engine. Built by the same company which developed Japan's famed Bullet Train and a variety of aircraft, the Z-1 is engineered for reliability and performance.

\* \* \*

IT'S POPULAR! Motorcycling has become so popular in America that just about anyone can find a "bike" seemingly tailor-made to his

needs. And that's because the total number of models to choose from numbers well into the hundreds.

\* \* \*

fair voice in managing the system."

In addition to financing mass transit, the Deuster-Dyer-Dunne proposals would bring \$10 million more highway monies into downstate Illinois areas, and bring an added \$2 million on motor fuel funds into the Chicago region.

According to Deuster, "Our proposed Chicago Metropolitan Area Transportation System would be armed with AMTRAK-style powers to contract for transit services with private enterprise carriers. This will avoid the initial need for heavy capital investments in acquiring equipment from private companies and it will involve free enterprise incentives and advantages in the operation of the new mass transit system."

## NIELSEN ENTERPRISES

From a vacant service station to a newly remodeled building, Nielsen Enterprises has grown to one of the largest Kawasaki Sales and Service Centers in Lake County. A rapidly growing business, Nielsen Enterprises, according to Fred and Ted Nielsen, owners, stress the importance of selling only one motorcycle, "Kawasaki". This enables us to carry top inventory of parts and acces-

sories. We are able to provide top drawer service for our customers. In order to get ready for the "73" season we have doubled our floor space for the complete "Kawasaki Line" plus the complete line of "Artic Cat" snowmobiles, including the beautiful line of Artic Cat and Kawasaki apparel.

Sales as well as floor space has doubled because they stress "Service".

## FOX LAKE HARBOR

Honda, the largest seller of motorcycles in the world, covers the full range of cycling from mini bikes through the full size road bikes.

Fox Lake Harbor, located at Grand Avenue and Rte 59 in Fox Lake presently has all Honda models in stock ready for you this season. Fox Lake Harbor also has parts, service, and accessories for the Honda line. Shortly we will be dividing our business and our cycle department will be greatly increased so that we can stock even more parts, offer more expert and quicker service, and have a larger selection of motorcycle accessories.

Honda has become the world's largest seller over the years because it is a motorcycle

that will constantly perform with minimum down time. Honda has 4 cycle engines right down to the smallest mini bikes. When you or a customer are planning to buy a cycle you're looking for a fun machine for summer riding. You don't need a trouble machine! Honda can satisfy all cycling needs whether you want a small mini bike for one of your children, or a trail bike for on and off the road riding, or a road bike for 100 cc through 750 cc. This year Honda even added a full fledged racing cycle for the enthusiast who wants to do some off road racing. So as Honda says "now more than ever before, Honda has it all!"

Watch for the Grand Opening of Fox Lake Harbor's new Cycle Department coming soon!

# H O N D A

The picture above should make it clear-Honda dominates the road.

**Road Bikes** On the road, there's only one way to go-Honda.

## Trail Bikes

No one offers the outdoorsman-or woman-as versatile a selection of great trail bikes as Honda. Every one of them has the USDA-approved spark arrestor/muffler to keep the American countryside quiet and green. And, of course, they all have the famous Honda overhead cam engine so they're as reliable as they are fun.

## Dirt Bikes

The lightest production bike in its displacement category. Each has advanced design features that only Honda, of all major motorcycle manufacturers, has utilized. The Trials 125 is another first from Honda-the first bike built especially for trials riding from a leading manufacturer. The XR-75, is a wildlooking, powerful competitor for younger enthusiasts.

## On/Off Road Bikes

Here's a category for the rider who wants to have his cake and eat it, too. Each one features a spark arrestor/muffler with USDA-approved design to keep the country quiet and green. And all have full road lighting they can be licensed. The frames on these six also combine light weight with strength. Wider handlebars and heavy-duty suspension are standard.

## Minibikes

The Mini Trail 50 has features you'd only expect to find on a bike above 250 cc's. Large lights, heavy-duty shocks, soft, padded seat and ignition cut-off switch. The Mini Trail 50, also has the famous dependable Honda four-stroke engine.

## NEW EYES FOR THE NEEDY

What do you do if you're eight-years-old, have no old eyeglasses to give, but feel strongly you want to help other people see better?

For Harriet, a third-grader in a suburban school, the solution was simple...she sold some of her toys.

That's how "New Eyes For The Needy", a volunteer Short Hills, N.J. organization, wound up with \$13.75 in the mail one day.

What makes the happening even more unusual is the fact that in its 40-year history, "New Eyes" has never had a fund drive. It solicits, instead, old eyeglasses, precious metal scrap, silverware, dentures with bits of gold and silver, and antique and costume jewelry.

The glasses, almost a million pairs received last year alone, are graded and sorted and bring new sight to impoverished people all over the world.

The precious metal scrap is melted down, and the money from the reclamation, plus the sale of usable jewelry and silverware, goes to "New Eyes" funds established in 80 hospitals all over the country, Canada

and Puerto Rico to pay for new prescription glasses, or if needed, artificial eyes.

That's where Harriet's \$13.75 went.

The plastic framed glasses are used to fill orders from medical missions in such far off places as the Philippines, Guam, and Africa.

Though "New Eyes" has an international reputation, few know it is run by a small group of about 250 persons - mostly housewives. When the organization was incorporated in 1947, its entire treasury consisted of 47 cents.

Nobody can really say how many lives have been brightened because hundreds of thousands of strangers have thoughtfully sent their old eyeglasses to "New Eyes". But every now and then the mailbag provides a clue:

"You have made this a beautiful new world for me. Again I thank you and all who made this wonderful miracle available."

Maybe the next miracle will come from you. The address is New Eyes For the Needy, Short Hills, N.J. 07078.

## DEADLINE FOR LICENSE APPLICATIONS

Deadline for applications of reassignment of present license numbers for second division plates in Illinois will be April 30, Secretary of State Michael J. Howlett announced today.

"Second division vehicles include trucks, trailers, boat trailers, farm trucks and trailers and recreational vehicles," Howlett said.

Applications for 1973-74 second division vehicles may be obtained by writing Secretary Howlett in care of the Department of Motor Vehicles, Centennial Building, Springfield, Illinois, 62756. There will be no general distribution of blank applications as in past years.

Howlett emphasized that current 1972-73 second division plates expire June 30.

## BERNING INTRODUCES ANTI-CORRUPTION BILL

A tough anti-corruption bill was introduced in the Illinois Senate Thursday by Sen. Karl Berning.

The Deerfield Republican said "continued dependence upon the federal government to prosecute official misconduct in Illinois - welcome and essential though it is - would be ignoring our own responsibility to restore honest state and local government."

The bill would create a Public Integrity Commission of 13 members chosen by various citizen groups across the state. The commission would be charged with administration and enforcement of ethics laws in addition to investigating graft and corruption at all levels of government.

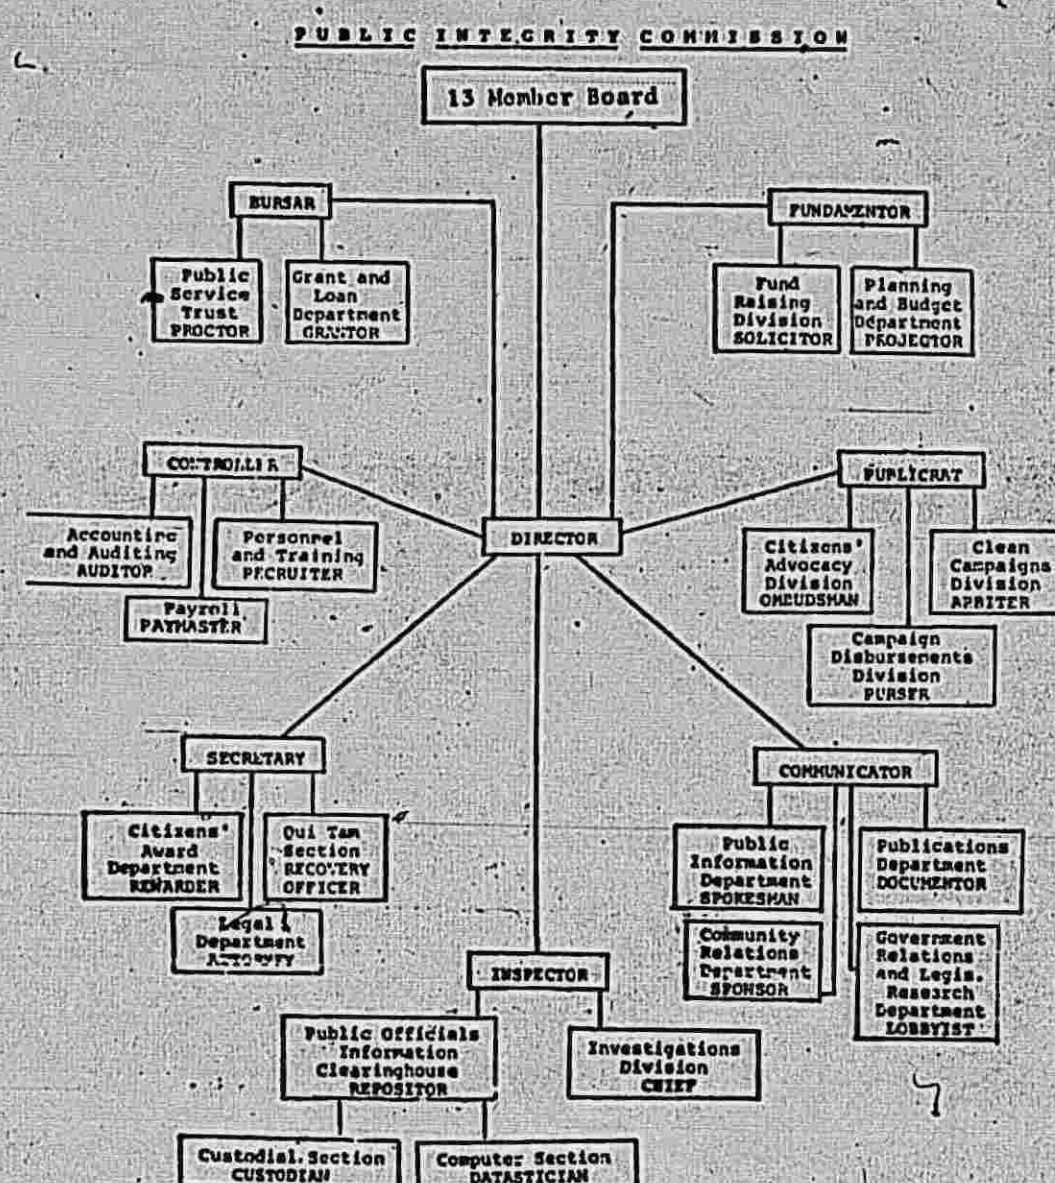

The bill would grant power of subpoena to this privately-funded, non-profit agency. Berning said the commission would receive no money from the state.

In addition, legislators and other public officials would be excluded from the board of directors, Berning added.

Categories of organizations and associations entitled to name a board member include farm, labor, business, insurance bonding industry, U.S. Justice Department, ethnic, religious, women's civic, veteran's and one each by the Republican and Democratic state central committee. The 13th member would be the executive director.

Berning said the bill would outlaw direct political contributions of more than \$50 to any state or local candidate for office. Amounts over that sum would be channeled through the commission's Campaign Disbursements Division for tabulation and identification and then be forwarded to the candidate. Information on contributions would be available for public inspection. A companion division would have jurisdiction over unfair campaign practices.

A Public Service Trust is provided which would permit candidates for political office and officeholders, on a voluntary basis, to divest themselves

## EAT THE CENTERPIECE

An Easter cake, baked in a ring mold, frosted with Fluffy Apricot Frosting and sprinkled with coconut makes an edible "nest." The children will delight in helping to make Fondant eggs of various pastel colors to fill it. Corn syrup is used in both recipes. It makes it easy to blend ingredients and helps to produce smooth frosting and creamy candy.

For the cake, use a single layer cake mix or one-half the recipe for your favorite two layer cake. Bake in a 9-inch ring mold in a 350°F. oven 25 to 30 minutes or until cake springs back when touched.

### Fluffy Apricot Frosting

1 egg white 1/4 cup apricot preserves  
1/3 cup Karo light corn syrup Few drops almond extract

Beat egg white until stiff but not dry. Mix together corn syrup and apricot preserves. Gradually beat into egg whites, continuing to beat until frosting forms firm peaks when beater is raised. Fold in almond extract. Makes enough frosting to frost cake baked in a 9-inch ring mold.

### No-Cook Fondant Eggs

1/3 cup margarine 1/2 teaspoon salt  
1/3 cup Karo light corn syrup 1 pound confectioners sugar  
1 teaspoon vanilla Assorted vegetable colors

With a spoon, blend margarine, corn syrup, vanilla and salt in large bowl. Sift confectioners sugar and add all at once to syrup mixture. Mix in, first with a spoon and then by kneading with hands. Turn out on board and continue kneading until mixture is blended and smooth. Divide and tint as desired. Shape into eggs. Trim with frosting if desired. Makes 1 1/3 pounds candy.

5000NIGHTS AT THE OPERA: by Rudolf Bing. The general manager of the Metropolitan opera from 1950 until 1972 reminisces about his near-quarter century with the opera-the music, the stars, the problems of casting, schedules and management.

IN THE EYE OF THE STORM: by Basil Davidson. For the past ten years, a guerrilla movement has been developing in Angola. Its aim is to free Angola from Portugal, and to build a new society. Davidson provides an account of this struggle based on personal experience and acquaintance with the guerrilla leaders.

Library hours are from Noon to 9:00 P.M. Come in and use our Study Carrolls, quiet, comfortable cubbyholes to study in.

## ST. PETER'S 8TH GRADE TEAM HOLDS ELECTIONS

St. Peter's 8th Grade Basketball Team and their coaches, Bob Huebner and Reed Ano, had a little informal gathering in St. Peter's gym on Thursday, April 5th. The boys had their own election and Joe Cermak and Jeff Miholovich were elected team captains. Tom Huebner was voted the most valuable player and Tom Zeman the most improved player. After a little scrimmage game they all enjoyed pizza and

pop.

The coaches had words of praise for the boys and enjoyed working with them this season. The boys presented the coaches with a gift as a token of their appreciation for all the time and transportation they had given them this season.

The team finished the season with a first place trophy won in the St. Peter's Tournament and two second place trophies from the Salem and Waukegan tournaments.

## HIGHWAY USE TAX COMPLIANCE PROGRAM

Roger C. Beck, District Director of Internal Revenue Service for Northern Illinois, announced today that the IRS has initiated a major compliance program to secure delinquent returns from non-filers of Form 2290, Federal Use Tax on Highway Motor Vehicles. This tax is imposed on certain trucks, truck-trailers, or truck-tractor combinations and buses that ride the public roadways. The amount of tax is dependent on a combination of the number of axles and gross

weight of the vehicle. Generally, single unit vehicles having an empty weight of 13,000 lbs. or more and vehicles used in combinations having an empty weight of 5,500 lbs. or more, are taxable. From the initial report, it appears that many Chicago-based trucking firms have not been filing this tax return.

The Internal Revenue Service will be contacting approximately 5,000 taxpayers, advising them that IRS records indicate a filing requirement and that no return has been filed.

Let 'em fly

The three candidates for Mayor, (l to r) Mayor Ray Toft, Marge Nelson and Robert Wilton were the judges at the First Annual Jaycee Kite Flying Contest. Jeff Zalatoris won the Grand Award, which was a new bicycle. His 9'x9' kite was the largest kite that flew that day. Jeff also won a prize for the most original kite as did Danny Doerrfeld, and Beth Mclean. Best flyer awards went to Bill Gers, Donna Lemonier, and Allan Gussarson in the 10-14 age group. In the 6-9 age group Best Flyers were Tommy and Timmy Lemonier, and Mark Maglio. And best flyers for the kids five and under were Tom Gers, Sharon McNatt, and Chuck Jenkins.

Like a good  
neighbor,  
State  
Farm  
is there.

With lower rates  
for Illinois  
car owners.

A reduced number of claims in the State has resulted in reduced car insurance rates for most Illinois policyholders.

And they still enjoy the same high-quality protection and dependable service that have made State Farm the world's number one car insurer.

Sound good? Then give me a call and compare. I may have some good news for you, too.

## SPRING BASEBALL WARMUP

Captain Tim Mieure, Fred Popp and Glen Amundsen who were regulars last year are back. Tim at second base and all conference, Fredd Popp and Glen Amundsen are pitchers.

Mark Maras is working out at left field and first base. Steve Vazquez, a shortstop last year is trying out at catcher and so is Shayne Schroeder - this is one spot we have a weakness.

Other seniors working for positions are Ed Anderson at third and shortstop, Jim Weber outfield.

Juniors going out for infield are Judd Smith, Shortstop and Tom Warner, first base.

Junior outfielders - Rick Sedar, John Rooker, Ed Wietz. Junior catchers - Mark

Crawford, Dave Koch and Andy Procter.

Junior Pitchers - left handers Mike Gutowski and Rick Sedar.

In a hasty look at the Antioch team this year, I see Antioch as having average speed, average hitting and good pitching.

If our pitchers can keep us in the running the first half of the season, I feel that by the time the second round comes our weakness will be corrected - in the areas of catching and the infield.

I feel that Grant, Round Lake, and Warren will be the teams to beat. Lake Forest is always tough and always strong the second round. Grayslake as they have always been in the past is a strong contender.

## LAKE GENEVA RACEWAY OPENS IN NEAR FREEZE

In temperatures that would have been even cool for snowmobile racing, the Lake Geneva Raceway got the 1973 season of stock car auto racing opened up on Saturday night, April 7, with a small crowd of fans who were anxious for the return of auto racing thrills.

Modifieds, Sportsman and Spectator stocks were among the four classes of cars in competition. Roger Otto, Burlington scored a clean sweep of the modifieds as he set fast time, won his heat and the Pursuit race that served as a feature event in that group. Only five modifieds were on hand and the balance of the 33 cars were Sportsman and Spectator cars.

Jerry Straube, Waterford was a double winner in the Sportsman stock car group as he won the feature race for these cars and his heat. Fast time qualifier, Paul Craddock, Round Lake, failed to earn a

checkered flag as he was second to Dale Brandenburg, Janesville in his heat and was twice stalled in the feature race when cars spun in front of him causing restarts. He finished second in a heat and was fifth in the feature.

Other winners were Fran Prestas in the Jr. Sportsman class and Dennis Jensen, Pell Lake in the P.J. Stocks.

The four classes will be strengthened this Saturday night by many of the modifieds and Sportsman stock car owners who thought the races would be cancelled due to the cold weather and did not show up last Saturday night.

Sturge Taggart, Manager of the Lake Geneva Raceway, remarked that the telephone calls indicated more interest than had been shown in any other opening race date and that had the weather been favorable, he is sure a new attendance record might have been established.

## RIFLES TO HOLD BANQUET

The annual Lake County Rifles football team banquet will be held at 7:30 p.m. April 29 in the Brae Loch Country Club on highway 45 near Grayslake, Illinois.

Nearly 75 players and their wives or girlfriends are expected to attend this year's reunion.

The players are the special guests of the owners of the Rifles as this is one of the ways in which the team management is able to show their appreciation for the fine performance of the previous season.

Last year the Rifles won the championship of the Southern division of the Central States Football League and then lost in the playoffs during a rainy night which saw the ball slip out of their arms a few times too often.

During nine seasons of play the Rifles have never finished worse than second place and expect this season to do at least as good as in 1972 and most likely win the league championship.

Coaches for the 1973 season will be announced at the banquet.

Competition in the league this year will start with a home game against the Manitowoc Chiefs at 7:30 p.m. July 21 in Carmel Stadium, Mundelein.

## WAUKEGAN SPEEDWAY RACING POSTPONED A WEEK

The opening night late model sportsman stock car races at the Waukegan Speedway were postponed until next Saturday night (April 14) after temperatures dropped some 20 degrees, to below 40 degrees, and a stiff wind kicked up from the northeast.

The practice session scheduled before Saturday's races was run as Speedway officials hoped the winds would die down; however at 6:00 p.m. the decision was made to postpone the races until next Saturday. The sportsman will run in a 25 lap feature then and the hobby class will also compete.

Gates will open at 6 o'clock next Saturday evening with time trials at 7:00 and the first race at 8:00. Sunday night

racing featuring the late model super stock class will begin May 6.

There were several mishaps in the practice sessions Saturday, but none caused serious damage to the cars. Dennis Topcik hit the pit wall and Phil Mass took a wild spin after his throttle stuck wide open. Ted Richter also took several wild spins in the fourth turn.

Defending champion George Dukas ran well until encountering engine trouble in his Mercury and Bill McDonald tore out his transmission in a few laps.

Although official times were not kept, Joe Francisco of Island Lake appeared to run the quickest and Wauconda's Chuck Clark also turned some good laps.

## 68 APPLICANTS AWAIT EXAM FOR THE OFFICE OF DEPUTY SHERIFF

The Lake County Sheriff's Office Merit Commission announces that at the end of the first quarter of 1973 its records who 68 applicants on file awaiting the entrance examination to become candidates for appointment to the office of deputy sheriff.

Since January four more candidates have been confirmed as certified deputies. They are John E. Anderson and Richard T. Slobodnik of Waukegan; Delbert G. Krawczyk of North Chicago; and Robert J. Schenck, Jr. of Mundelein.

A total of twelve (12) certified

deputies have been appointed during this first quarter, 10 of whom are now attending police training at Northern Illinois University.
